Mary & had a family pot-luck their last wednesday for John & Fred's Birthdays. They both come in January. John is 5 yrs old now and Fred is 12. Little Michael the great Grandson was there, walking everywhere with his hands behind his back, palms out. He is so little and chubby and looks so cute walking that way.

Another church is wanting to merge with our church. The church wants to do the right thing but hasn't decided what to do yet. The churches in town are having revion meetings this week, except wednesday night when each church has their own prayermeeting. I havent got out any. Sunday before last 'twas real cold, we had 232 at Sunday School. This Sunday with real deep snow we had 260. Our Sunday School class is small but we have a good teacher and we enjoy it.

We had real warm weather one week, like spring, and the next week 'twas real cold 16-17 below zero, at Alfreds they said 'twas 20 below. so 'twas quite a change - you can be glad you are in Arizona where you dont have weather like this. This is Ground-hog day and he has seen his shadow here. That means six weeks more winter, or so some folks say! Also this is Grace Band's Birthday.

I must close. I'm afraid I've written far too long. when I once start I never know when to stop.

Do write me

Lovingly

Dear Cousin:

Will try again today to get a letter written to you. Was glad to hear from you and from George Lyle too. He does write a good newsy letter. He was just older than I and Daisy just younger. Daisy's last husband had two brothers here in town. They had the Leader Department Store. They are both gone now but some of the family still live here and have the store. The second wife of the brother Charles is living, she was much younger than he and has since re-married. She and her husband have the same anniversary as Mary E. and Harold and each year they celebrate together. Daisy has visited here different times and called on me several times but not recently.

We've had a snow! and what a snow! about the most snow I've ever seen. but 'twas much worse in Chicago. Last night we had more, but not nearly as much as was predicted and we weren't sorry. Harold has just been over with the snow-blower clearing my walks. I shoveled the front walk this morning, it wasn't so bad, as the snow was light. The other one was a heavy deep one.

Yesterday I received a letter from Walter f enclosing a letter from Creighton and Alberta. 'Twas nice to hear from them too. Should I send the letters on to someone else, let me know if I should. I enjoy hearing from them all.

Rhoda has been in the hospital with a pinched nerve that is causing her a lot of pain. She is home now and they say the pain isn't so severe, but it still bothers her quite a bit.

Harold has been off work too with something like Bursitis in his arm. I talked with him when he was over just now and he said 'twas much better and he was going to go to work tomorrow.

The man who lives upstairs has been in the hospital almost a week, but is getting better, he had a real sore throat and his folks that it was pneumonia at the time. I don't know what the x-rays showed. They've been with us 20 years this month.

(over)

Sorry to hear of Irene's death. She did have a lot of ill-health during her lifetime, and Maggie is the only one left of that family now. She mentioned Howard's brother dying. I suppose that was Favarte (Fay) I don't remember that he had any other. I used to know him as he stayed with his Grandmother Peters and came to Last Prairie school for awhile.

We passed the old Last Prairie School when we were home, but what a change. It is someone's home now and isn't a school anymore. A consolidated school is built farther south I imagine a mile or so away.

Yesterday I went to Senior Citizens Club. It was a pot-luck dinner and all the Birthdays in February were celebrated. Had a cake with candles on and everybody sang "Happy Birthday" to them, and each one was given a Birthday Hat to wear. One old lady who is the life of the party has a Birthday in Feb. She is real white haired and real cute and talkative, but nice. She said she was 9 years old, of course, she said there was a naught to it to, but a naught is nothing. She seems young but is 90 this month. The High School Band came and played for part of the program and a film about the Salvation Army was to shown. We had a real nice dinner. Mary Bickel took a car load of us - in fact 2 car loads. She's real good to take folks anywhere they want to go.

Billies, Fields Store had their preferred Customer Sale last night, it surely was a bad night. Mary E and a friend went Mary E said she got a dress and a blouse. Her friend got two dresses. There wasn't as large a crowd as usual, she said, due to the weather.

Mary E is busy getting the end of the year work done where she works and has started her Income Tax work evenings. She expects to take a Refresher Course in that down at evening school in Waukegan, one night a week as there are always changes coming up it seems. She seems to thrive on keeping busy.

George might take the tree to a bank and have 2 copies made – one for your line of the family & one for Creighton & Grace. Please give me George's address so I can send the tree to him. Ethel Clark is not included as she is not blood relation – we all love her as much as Mary K. Ethel got the history of George Bickets 3 boys (Lyle died) Carl & Billy – I will send them to you later. So many births, marriages & deaths since the tree was printed –

Mine is a carbon copy so some one had the original. Elizabeth L was much interested, Aunt Belle might have had a copy but if so was lost.

Ethel Clark said Alfred's daughter much interested, also Lyle Kirkpatrick daughter Mary Belle. I sent copy of the tree to Ethel by registered or Certified mail - Billy Bicket took it to a bank + had copies made + Ethel returned to me.

I thought of sending the tree to Creighton or Grace B but I understand registered mail is not delivered on a rural route.

Dear Cousins:

I'm enclosing some information in regard to the Lyle family history. Daisy can send on to George - he can make copies of the three sheets & return to me. Please make corrections -

Last summer I had a letter from Ethel Clark in Zion, Ill. asking about the Lyle family. I have a tree prepared by Aunt Belle years ago. Dr Cleland helped her arrange the facts and brother George took it to Bartlesville Okla to be typed at a bank as the sheets are very wide. They sent me a copy - I supposed there were other copies but as far as I can learn, I have the only copy.

Dear Cousin:

I asked Daisy to send your address & I would mail the Lyle family tree to you.

Ethel Clark in Zion said Billy Bicket took the Tree to a bank & had copies made. I don't know what they cost. You can copy them in any way you please. You see there have been many births, marriages & deaths since Aunt Belle, Dr Cleland & brother George made this copy. Geooge took it to a bank in ~~Ottawa~~ to be typed. I supposed there were other copies as this is a carbon copy. No other has been found.

over

I wish you would have a copy made for Creighton or Gedde Lyle – it would save time & trouble.

I sent Daisy 3 sheets of Lyle history – some facts I got from Aunt B but brought out in the family tree. Will you please copy those sheets & return them to me –

I enjoy my garden – wish I were able to do more in it.

all good wishes

Cousin Anna Pinkerton

Burnsides mother was a double cousin of Grandpa Lyles

Do you have any idea how long she stayed with this Uncle Dr

Most of the time after her mothers death went to her fathers a while after his re marriage but returned to her uncle before coming to this country. was one year in Phila. when she married

1 As to where Grandfather & Grandmother Lyle first settled in U. S. A. I would say Philadelphia, Pa.

2. How long did they live near Sparta. I would say 6 yrs.

3 How is Rev. Thomas Lyle related Rev. Thomas Lyles father was Grandfather Lyles oldest brother (James).

4 How old was Grandmother Lyle when her ~~mother~~ parents died, I do not know but think she was'nt more than twelve when her mother died Grandmother Lyle had been married a number of years before her father died

over

5. What did Grandfather Lyle do as a young man.
I would say he lived on a farm but in later years he carried the mail.
6. Is the Nevins family related to us.
yes. Rev. John Nevins, who used to preach in Hill Prairie was Grandmother Lyles Uncle.

Please give me some more information than that found in the Lyle family tree

Where was grandfather Lyle born? County Antrim Ireland
Where was grandmother Lyle born?
When did they come to United States? 1847 - ages 24 yrs
Married in 1848
Where did they settle first?

How long did they live near Sparta?

Did they live in Philadelphia awhile? As relatives are there I thought maybe they had g-father was baker in Phila.
Also in Penna Manor (near Phila)
no bl. relation

How does Quinton Moore get into or onto the family tree? Of what family is he and his sister a member? g ma Lyle's niece was her step mother.

What about the Adams family and sone of the others whose photos you have
g ma Ly- neice + nephews. (Cousins)

I can't see how the Nevin family should be placed in the tree What branch are they?

Also what about the Rev Thomas Lyle family?

Please set down anything you think of interest about the family There is no hurry about returning it to me but please keep it in mind and jot things down as they come to you.

I think something about the Uncle Doctor Hammack that grandmother talked about so much would be of interest to all of us. How old was she when her parents died? What did grandfather do as a young man?
g ma lived with them after her mo. death. no bl. rel.
It is easy to see how the Kenney family are related to us.

Some day some of us will get together and write up some of the old family history and some of the more recent facts about the various family groups. You spoke of having Grace and Elizabeth help with that and I shall be glad to help in any way I can but you alone can answer the questions at the top of this sheet.

There will be many things which will be of interest to future members of the family and I do hope we can get a lot of it collected.

took 6 weeks to come over on ship

Aunt Belle supplied above data, and suggested sending copies of the other questions to uncles John and Tom, which was done. She seemed pleased about the interest in the family.

Dear Bella.

Now that we're home once more, some what rested up again, will attempt writing. found considerable mail awaiting us. had a real nice visit said beforehand we were going to have a real rest, our digestive organs as well as rest of our bodies we'd had such a big feed here Thanksgiving didn't feel as if we needed any more but on reaching Ethels found them preparing a turkey dinner for 15 people. Ana's brother & family. his brother is Creamery manager at Baker Ore. 1/2 mi from Ethels. he his wife (her mother formerly of Weiser) three two children. so it was eat again then we had breakfast at 6-30, earlier than at home, we went right seeing. had callers later. so decided we'd come home and rest. boys met us at Nampa's New years. another big feed. new roads are so slippery not much going around, boys had house cleaned things in quite good shape so we're resting. Mabel's hand come back yet, as they talked of it stopped they probably take the train go to S Oregon visit more N. California relatives. roads are "slick as ice" sure so we waited for them quite anxiously. we came back by stages they'd have more mountains to cross than did we

One letter from Eva said they were "shut up in mid air" "watching mails" for further orders. then

then a letter from Howard (12 yrs old) saying they received a wire Dec. 24th asking how soon could they be in California then a letter from Blanche "On their way" written in Salt Lake where they had to wait over a day as George's past Supt lived there, then he had had a time after there last spring wanted to see his Mr. also the Asst. Supt Co. Agent. Blanche writes this was the most heart wracking experience they'd ever gone thro had farewells till Geo just bolted. and was gone each of the children had parties the church gave a farewell cong dinner now as to this letter list of questions. we're not positive as to which sister of your mothers married Thos Henry, (Nancy one of them did, had two children Thos. Jane. (another Isabella married Mallarg. then Jim Moore) had one daughter Mattie Mallarg then Jimmie Moore. JJ thinks her oldest sister married Martha Sam Smith. had 4 children (Jane Moore being one of them) he thinks both Jane + John Lyle were born in Hayden Bluff Hannah in the old Conner or Jim Robb place. Mathi in Pleasant Ridge beyond Sparta. he in Lively Prairie near Sparta and you were born in the Lamont place and your Grandmother Lyle Thos + Nancy lived on the Conner place. the only estimate we can make as to time they lived near Sparta would be in the differences in ages of Mathi and yourself. Am hoping you keep well. are able to be about. That's a thing to be thankful for. JJ has two "pets" to care for one an ankle not healed entirely for over 6 yrs. another on face of leg. but he's feeling quite well looks well. don't get around much. JJ + Anna

Dear Anna!

Have a pile of letters in front of me like a mountain. You might think I was someones Sec, but instead I believe I need one. and I do not claim to write much either. But I am sure no body owes me a letter any way. and I must get busy if I ever hope to get another letter. and I do like to get them. We have been having about a week of lovely spring sunshine and warmth and while the sun is shining today. there is a stiff cold northwest wind & so of some body's storm some place! I was glad to get your letter, and am enclosing a clipping that I have had ever since I left summer for you. May be a new line of wrestling. Hope you have by now read the old lady Dan Thula, what a name. it is a wonder it has not gotten her down long ago. Imagine she would be interesting if she did tell her mind. Am sorry not to

get her Charlie to send me a copy of Father and Mothers family record. He has the Bible but so far have not seen it, if I ever do I will give it to you. I know all of their birthdays, but I can't be sure of the years. They were all born, some of her sisters should have kept that Bible. I am glad I don't like to be bothered. I do not think the detective branch of the family had been over here so long. Your mother and Allan Pinkerton were acquainted and father visited him in Chicago and it was he who found out that Allan Pinkerton was atheist. One of his sons still lives in Chicago and I think carries on the Pinkerton Agency of detectives. If at any way you can write to this Lowell man I don't know Pinkerton he is likely just a stranger but his parents might be interested. I have only been to Santa once this winter, and did not have time to go to see Lydia P— Sorry you did not get to meet her. (I did meet her) Maybe you can come again this summer. I was sad about Alice losing her husband, she will be lonely. I think Mrs. McMillan is as usual. She called me and told me about Alice's husband passing away.

I suppose this Louisiana, is Louisiana Mo. Mrs. John Edgar was buried here yesterday. They lived in Bridgeport ~~Conn~~ She was Clara Holliday, and was raised here. Belle is in Long Beach California. She was up in Los Angeles long ago. She went to see Dove and says she is very poorly. She understands Doos cannot get the old age pension as her brothers is in the Government employ. Don't tell Dove I told you. I heard that John White had a stroke yesterday morning. Do not know how bad. I noticed Lyda Holiday at the funeral yesterday, so many strangers.

I'm glad to get your letter and write again. We are all pretty well right now.

With much love

Cousin Marjorie Keiper

I wrote to the Lowell Pinkerton whom she mentioned but no reply yet

Dear Anna

Will try & get one letter written the last day of the old year. I have'nt written any since Xmas I will have a good many to ans. of course I do. I got a good many cards, but got a great many letters too I believe I heard from 18 States I had a letter from Minnie Butler she said she wished you would stop with her sometime as you go there & letter from Sadie R. Telling about Mattie having dining trouble before she left Colo. You made a mistake, I confess my writing was the cause, it

was Mrs Houston, the woman
who stays with Mrs Holt Laughs
who acted up, not Mrs Holt
she doesn't talk anything like
that Mrs Holt's they sent me a cheque
card I knew it was Holmes
writing. Mrs Holt came the other
night when we were eating
supper on an errand, she
helped with the dishes and
stayed until bed time
Mrs Houston has been down
a week, came back this P.M.
Bruce has been staying with
her. She said to day she just dread
her coming, she said the rest of
us could get away, but she could
she told her to stay away as long
as she wanted, she want to get
some one else, I think Holts
told you that we ate dinner

day with Mrs Edmiston (Dr's
she did not want me to take any
thing. I told her I got pineapple
& eggs for pie, she said I meant
to scold as she was not making
pie, I took a small fruit cake
Mary sent a small one Dell
sent a larger one, we still have
some for tomorrow, It is almost
9 Oclock & must get this finished
tonight Thanks for yours Mrs I had
not seen any fruit like that, but
Mrs McKelvey said she tried to
get some like them but could not
hers. We have had a cut of real
cold weather with some snow
no rain here, have not heard
from Drs since they left home

am afraid they would get a
pretty cool reception in Chicago
best wishes for the New Year
with love Aunt Belle.
P.S.
We inclosed letter explaining
themselves. Lyda came home
Xmas day on the Bus about
1.30 and left about 2
Papked Hayne & they
waited dinner for her. he said
they had dinner at Butlers
Everets was at Dickings
hoping you are well.
I will bid you Good night
also to the old year
Aunt B

C.H. sent a nice box of Holly

Dear Cousin — 6-16-66

We are almost as dry as Ariz. The last two years have been unusually dry. Cotton 2/3 Beans not too good but (we all) have hope. Received your very intresting letter and I see how little I know. We have look over all the pictures, not a date of birth or death I think Creighton Geo's 1909 Grand Ma's was later. Sorry I don't know. Her name was "Jane Creighton" in Ireland She came on the same boat as Grandpa Not married, Pa said . . . . held her up while she kneaded the bread as the boat swayed so.

quite romantic? Why did we not get Grand Ma to tell us the story. Her father was a Dr. and took Jane with him lots, so she could set her own wrist when it broke. A letter from Walter with Ethel's letter. Enjoyed it very much. Yes el think we all loved Ethel as much.
We have the Parkinson, Blajo trees and have also read the "Lyle Book" el ends up by saying Other Lyles came later and settled in ell., that would be us.
Grandma Lyle had a sister in New York. Never heard from her. Hope you are "O.K." dont work too hard. You are my favorite Cousin "so be careful"
With Much Love Creighton

Dear Sisters:-

Going out to do some shopping. and as I received this letter from Grace, awhile ago, thought I'd start it on. I'm planning now to go down to C'ville Friday May 27th. Was out at Byron's over the week end, came into Chicago with him Mon. morning. I did a lot of sewing for Lois last week. She cut it out & I did sewing. made a spread for Sandra's bed & drapes to match. Did you get a set of pot holders & the little hat pincushion that goes with set from Dove M.? I couldn't imagine what she was sending me, when I got the package. I answered her by air mail & told her how I appreciated it. Would like to have enclosed 1.00 for it but afraid it might offend her (?)

I'll try & get off a letter before I leave. getting my things ready early as I expect next Basile Kennedy a day or so middle of week

Cousin Anna:
your letter rec'd 2 or 3 days ago. Sorry to hear of death of Alice's Husband. If seems that we are coming to the place we will know more dead people than living: that is if we live long enough. well I'll cut all apologies: and tell you how near you came to being visited me that of going to Calif. but dreaded to drive that far in winter. There was special Rates on S.P. R.R. Jan 1. good for 14 days. a round trip would have cost $30.55. But the prune price was low and lots of Things to do. so we gave it up for Time being: have been Pruning. Spraying for the last months and am not near done: so you see there is no rest for the Poor.

The winter has been mild here a good deal of rain but no snow or cold. Oh yes: another alibi for not going to Calif is Jeff Davis Bum Blockade. Seriously I do not approve of such doings: Calif gets pretty smart sometimes.

Had a letter from M. F. Brown recently. Bill Brown died recently. Millard is the only one of family left (85 yrs old) he wrote each one of the girls & Nadine. Jimmie & Flavia Ethel & I a letter: he thinks he hasent much longer to stay on this earth. But can still write a good letter: Nadine said she felt so bad when she red his letter she just had to shed a few tears.

He seems to hold the same view of Townsendism you do. But registers quite a kick against it

Townsendism is very plentiful here. and is about the most Diabolical thing the Devil has invented lately. it goes one stronger than Socialism or Russia. as they both call for work: but this doesent. and of course it cant be. as you say one is blamed for being again the old folks. but Ive decided. I will say what I think about it.

I favor a pension to old folks That are needy but only what is necessary. On Preference to a Poor Farm system.

The war clouds seem to hang low over Europe. dont think they will fight unless they think They can get us to pay for it again. am not losing any sleep over Europe. let them fight it out. went to church today, Laurence the Boys That stays with us went with me

Ethel did not go today Preacher's read to much out of A book. and not enough out of the book. We listen to Chas Fuller. S. A. do you hear him? we like him.
The Girls are all at their Jobs. with fair health Vera was home Xmas and Nadine a little later.
I understand there is a family of Pinkertons live the other side of Roseburg. are from Texas. Just came there recently. I intend hunting them up and see what they look like.
Seems to me the best way to get this tree business finished is for you to give us a visit this summer. Jim & I would be glad to have you. We could take care of the Photographing & Blue Prints

40 years ago at Russellville.
Please send me History of William Pinkerton and family. Also of uncle Sam's History then I will have the Complete History. I mean as many names as possible as my Husband's Grandmother on hearing of the death of friend she remarked "Well we are like leaves on a tree. one drops here, and one there 'til they are all gone."
Only one of Aunt mathis family left. She was Martha Jane Pinkerton.
I have been thinking if it would not be a good plan for we three or more. hope there is. to write their folk to see how many wanted a Book containing the "Family Tree" then we could have some idea of what the Books would cost. While we might have them published Paper Back then if one later on prefered Board Binding they could have some Book Binder do the work. during the Duration and probably several years money will not be very plentiful.
I suppose you have been reading of the worst flood known in Okla. We were fortunate in not being in one. though Refugees were brought to town by the Red Cross of this place they lived in the "Gym" one of the Teachers in the School. said there were some in the "Gym" now as their houses were washed away. we were without Trains, Busses and mail for ten days and many other towns likewise.
In looking over Lucile's list look from your Cousin

of Names. She included only those whom she had gotten in touch. She said she didn't have names or Sams History

Dear Miss Anna:

We were so pleased to hear from you. It doesn't seem like eight years since we last met. We sent you a postcard Christmas but were not sure that you received it as it was directed to your old address. We were thrilled to think you and your sister wish to join the DAR through our Chapter. We have about ten or twelve non resident members. One of them is Mrs. Flossie Burns Powell Roberg of Denver. She was formerly a Coulterville girl whom you might remember.

I think the D.A.R. is the finest women's organization in the country. It has three main objectives in its work: to promote patriotism, to diffuse knowledge through education, and to preserve history and historic spots. We own and support two schools entirely, one at Tamasse, South Carolina, a boarding self-help agricultural school for boys and girls and the other a day school at Grant, Alabama. This is the Kate Duncan Smith School and is the only school within a radius of fifty miles.

We also help to support twelve other colleges and universities which are listed in the back of our magazine. These schools are located in the south also.

The organization owns two wonderful buildings in Washington, which cost over three million dollars and are free of debt.

Our organization is world-wide with chapters in all the capitol cities of Europe and Asia. Yet we are a non-political organization.

I will propose your name and your sister's at the next meeting of the Fort Chartres Chapter and you will be voted in. We meet the first Tuesday of each month from September till June. We meet in the evening as most of our members are business women and teachers. Our chapter has 38 members.

Our dues are $3.00 a year payable from September to January 1. Of this, the chapter is allowed to keep $1.00 for our work, $1 goes to the State organization and $1. to the national organization.

The initiation fee is $8.00. Three dollars goes to the chapter for the year's dues; five dollars goes to the national organization. In other words, when you join, you pay $8 which includes your first year's dues. After that, it will be $3.00 a year.

Some city chapters who do a lot of work in various fields run their dues from $5 to $15.00 as each chapter determines the amount of its dues.

The registrar, Mrs. Howard Jones, lives across the street. Her address is 204 West Main St. Our regent is Mrs. J.E. Hood who lives on the corner. Her address is 133 West Main. We will mail you the applications to fill in for yourself and sister. They are ten cents a piece. You can add the cost of the applications to the check of $8.00 when you return your applications filled in to the registrar, Mrs. Howard Jones. Your check can be made payable to Miss Eliza Linn, treasurer of the Fort Chartres Chapter.

Each member sends in two application forms, duplicates. After they are approved one is retained by the national in Washington and one is returned to the registrar of the chapter for the chapter records. However, we will send you one extra for each of you. You should retain one copy of your application for your own records and for reference in the event the national registrar writes you in connection with your applications. You will know what you sent in then.

We will mark on the paper where you should sign the application. Your signature must be notarized where you reside. Elisabeth is a notary but she cannot take acknowledgments out of the State of Illinois.

I put Elisabeth's line through back in 1932. They are demanding so much more information now. If the information I put on Elisabeth's papers does not tally with your data, please do not change anything but send it in as I have it. If your papers do not conform to the ones already sent in, they will hold up your papers and cause you a lot of trouble. It will be better to pass over any discrepancy and take what has gone in.

Anytime you want to transfer to another chapter, you can do so after a year's time by payment of $1.00 to cover transcript of your papers. We will be glad to have you in our chapter but I thought you would like to know that it is possible to transfer in case you should be situated where you might want to.

Your sister should use her name and sign it on the papers using her maiden name as Alice Pinkerton Donaldson. The society is very particular that married women retain the use of their maiden family name. This is important for identification and for record.

Mrs. Marjorie Lieper stopped here one day to call but her folks were waiting for her in the car and we did not have much time to visit.

It has been terribly cold here with the thermometer hovering around zero with very strong winds.

Elisabeth came home in April of last year with her baby. She has a position as secretary to the Farm Adviser in the Randolph Co. Farm Bureau which is in Sparta.

The baby, Elisabeth Jean or Betty Jean, is adorable with curly blond hair, dimples and big blue eyes. She is almost 18 months old.

We hated to give up Mr.Vernon Lessley last month but he was ill for months. His boy, Norris, is working in the State Bank in Sparta. He is married now.

I am very anxious for your papers to go through. I can hardly wait for the next Chapter meeting to announce that we will have two new members. Our chapter is growing steadily and we have very good programs.

I hope you will be able to meet with us sometime and become acquainted with the members.

The application blanks will be sent you under separate cover tommorrow. The applications should be typed if you can. We will put in James Pinkerton's service and the references that will be on your line but you will have to start the lineage record with yourself and then take each generation back to James Pinkerton. Elisabeth's line divides from yours at the marriage of John Pinkerton and SarahGilmore. Elisabeth comes through the son,William,and you come through the son,John.

I presume you have all the marriage, birth and death dates back to John Pinkerton. If you do not have a marriage date you can approximate it by using the date of the birth of the oldest child. I approximated the birth of William Pinkerton because I did not have it.

We do not know the name of the wife of the Revolutionary ancestor, James Pinkerton. I feel sure that we could have a revolutionary ancestor through Sarah Gilmore's father but we do not know anything about her family.

It takes about three months for the papers to go through Washington because they only have a board meeting every three months and it takes time to check your references.

The chapter officers have to sign the applications here. You fill them out, sign them, having your signature notarized,

I will be anxiously awaiting your papers.

Very truly yours

Eliza A. Conkelon.

Dear Miss Anna:

Your letter was received and we are anxious to help you in any way we can.

Regarding your question as to certifying family data, just fill in the family data as to where and when each were born, married and died, and down below where references are called for give the cemeteries, Rev. Elliot's records, any published records, baptismal records and family Bible and then if they question your data in Washington, you can have the photostatic copies made and affidavits. They will accept your word as to the dates concerning your parents. But for your grandparents and on back you should tell where they are buried and where married, etc. You can approximate the marriage date where lacking by using the birth date of the eldest child. After all, the Randolph Co. Atlas is very good and authentic reference. There is a copy of it in Washington in the genealogical library because I sent it to them. You should have the notary where you live witness your signature and that is all you need to do.

I would give every reference that you have as it will substantiate your claims. As to the pages torn out of the family Bibles, I would just say that the records you used were taken from the _____ family Bible. Don't say the sheets were torn out because they may not ask you any more and you certainly won't have to send the Bible to Washington. If you have to make an affidavit, that is, if they request it from Washington, you can swear that the sheet of paper was once a part of the family Bible and that the records are correct.

I don't have any of your family line so I don't have a clear idea of your lineage but you only have to go a generation or two back of where Elisabeth hooks on.

It won't be necessary for you to mention that first marriage inasmuch as there were no descendents. However, if there are children it is a good idea. I had a terrible lot of trouble establishing one of my lines because there was a second marriage and the children of the first marriage had left home and knew nothing of the child of the second marriage who was my grandmother.

We received the clippings and thought them very inter-

esting. I will send you a copy of the national magazine published by the D. A. R.

Since there is a chapter in Phoenix that is so active, you might want to join there which you could do as well as here. However, we would like to have you and your sister if you wish to put your membership here. As far as joining it is the same everywhere and the work is the same.

Fill out the papers as far as you can and as completely as possible. When the papers reach Sparta, I will check them and if I think you have any weak spots, I will write you. I think you have plenty of data, though.

You mentioned my staionery being attractive. It was a Christmas present from one of my DAR friends here in Sparta. Mr. H. V. Morgan has the die at the Sparta News-Plaindealer. If you are interested in getting some, you could order it from him.

I can not tell you much more until I see what you have on your lineage as I am not clear on all of it. If you could send me a rough outline, I would understand it better. But as I said above, I would use what you have and send it on to Sparta. Mrs. Jones, the registrar is good at this sort of thing too, so between us we will fix up anything that we think needs it.

Very truly yours

Dear Miss Anna:

Mother and I have been writing you in collaboration, I guess one would call it. She did the composing, and I the typing. I just wanted to explain why all of a sudden you should be hearing from me.

I am so glad that you are using the Pinkerton line. As far as I know, I am the only one who has used it. Maybe some of the rest of the clan will come in now.

If it had not been for one of my lines which mother proved up, the Gault line, the chapter here might never have been organized. About twelve ladies went in on my line. Of course, they hooked on at different generations but my paper went in first and the others used my national number.

By the way, we forgot to tell you that in case you haven't already had your signature notarized, it would not be necessary for you to put your age on the paper inasmuch as you don't have any lineal descendants.

We thought that since you are teaching, you might just as soon leave the world in ignorance of some of those personal dates. I know that is the way I feel about some of my affairs. I am working again.

Mother sent you a copy of our National Magazine which I think you will enjoy reading. It gives a wonderful insight to the many fields in which the society works. I should think anyone could find some department of its work that would be of interest. They even have their Committees on Films and Fiction. However, I have always been more interested in the schools we sponsor and the scholarships.

For two years, I was chairman of the Junior Committee of the Chapter in San Francisco to which I now belong. The Juniors are the younger women who are working or are the young housewives. We had educational scholarships to support and special work for the blind which was assigned to us.

Before the war broke out, we did our own Americanization work with the International Institute located in San Francisco. We girls gave a party once a month to which the newly arrived foreigners were invited. The idea was to help them through association with us overcome the barriers of a foreign language and customs. I still have some friends whom I met there. They were Jewish refugees from Berlin. I helped them take their naturalization examination and helped them through the court. However, they have been such good friends to me that I feel they did more for me than I did for them.

Mother and I are both so enthusiastic about the D.A.R. that I hope we won't give you the idea that is all we are interested in. Mother has many interests and I am cultivating them too. So far, philately has taken my fancy..If I had more time, I would like to study it deeper.

I am halfway making plans to attend the national Congress of the D.A.R. to be held in Washington, D.C. in May. I have been to Washington before but not to a Congress. Naturally I am thrilled with the prospect of going. Two friends of mine are driving from San Francisco and expect to pick me up here. Of course, many things can enter in to the plan before May, so I am making my plans with the hope that they will mature.

Do let us know if you encounter any stumbling blocks as we will be pleased to help you.

Very sincerely

Elisabeth Pinkerton Leighty

P.S. Mother says that since you are submitting my national number, she believes that is good evidence that we consider you line authentic and therefore don't expect any trouble with its going through.

Dear Friend:

We are attempting to revise the Parish Plan of church visitation for our congregation. This plan is being sponsored by the General Assembly of our church for churches large and small, but especially for the city church, to have a system of contact with the church members. Thousands of new members are received into the church every year, but are allowed to become inactive and drop out for lack of cultivation. Unless we meet the needs of these people, they will be lost to the church.

The philosophy behind the Parish Visitation Plan, its values to the church, its families, and individuals, will be discussed at an informal meeting in the Norton Chapel on Wednesday, February 1 at 8 o'clock. Our assistant pastor, the Rev. Carl Soults, will be in charge of organizing the parish visitation. We shall need a great number of shepherds for this work. I hope that you will be present when the ministers can discuss the plan with you, which we hope can be put in operation immediately and bring forth the desired fruit of a more responsive and active membership. Doubtless you have been in churches which have been using the plan. We want you to share your experiences with us.

Please consider this a must meeting on your calendar in the interest of serving your church.

Sincerely your pastor,

G. Hunter Hall

To whom it may concern:

I have given the Power of Attorney to Mr & Mrs Joe Whitney, 102 N. 7th Ave, Glendale, Ariz. If my sister Rose Clelland should survive me, I'm sure the Whitneys will confer with her, in regard to settling up my affairs; but as she is ill well, she would not be able to do it alone, hence the Whitneys' aid.

My sister, Alice Donaldson, gave me pieces of furniture, now in my home. I wish her son, Gene Donaldson, 1156 Pecan Way, Walnut Creek, Calif to get all the things that belonged to his mother. I have given the Whitneys a list of the things Gene should get.

I have also made a list of things that belong in the house. A few things upstairs also belong to my sister Rose Clelland & they are listed.

I have given the Whitneys a list of all things that belong to me.

My stamp & coin collection can be sold or disposed of unless I sell them —

My books are old, with some exceptions, & it might be Cook's Christian Training School would like them to give to the students — or Goodwill can sell them.

My plan is to give certain articles to friends but if I don't, they can be disposed of later.

Velma Mathews has given me jewelry & other things. I want her to have a chance to take any of those things she wishes to have —

Dear Cousin, I am heartily ashamed of being so slow about writing, but I've have written to several relatives trying to get some more information but they don't seem to answer. I do not know of any records among any of our relatives Mother always told us we were Irish decent and of the religion and she said the detective Pinkertons were related to our family but as you say they were atheists and of course our family were always religious, I think most of the Pinkertons have always been Presbyterians altho my Grand Parents were Baptist. my Parents belonged to the Church of Christ all of Mother Brothers and Sisters did.

The date of our Great Grand
Father's death is wrong. I don't
know just what year he
did die (I visited his grav
in Smith Co Texas) but
think it was 1854 or 60
when he died. I have writte
down there to see, but
haven't had any answer
yet. Mother also told m
of her Uncle Sam's servi
in the Mexican war. hel
father died at the begin
of the civil War, her olde
brother served in the ci
war, my Aunt who is to
come to Florida is

KENNEDY

While Mr. and Mrs. Geo. G. Pinkerton of Bartlesville, Okla. were here last week attending the funeral of Mrs. Day Kennedy, they circulated among a number of their many friends. Their son, Lessley Pinkerton, is a Lieutenant in the U. S. Navy. He went to Africa in the first invasion in November. Later he came back and was located for a time at Norfolk, Va. until April when he was sent back to Africa as an instructor in certain lines. He has been given the Silver Star for bravery in action. The daughter, Miss Marie is a junior in Oklahoma University and is in the employ of the Phillips Petroleum Co. in Bartlesville.

Mrs. Day Kennedy Dies in Dayton, Ohio

Mrs. Adele Kennedy, wife of Rev. Day Kennedy, of Dayton, Ohio died in a hospital in that city, Tuesday. The body is expected to arrive in Coulterville this (Friday) afternoon and it will lie in state at the Burns Funeral Home from this evening until 1:00 p.m. tomorrow or until it is moved to the United Presbyterian Church where services are to be held at 2.00 o'clock with the Rev. Carl O. Dobbins officiating. Interment will be made in the Coulterville Cemetery. Obituary notice will appear in next week's issue.

a typical hulking frontiersman. Didn't look a day over fifty and was a kind of patriarch in those parts. His native name meant 'the old man' or 'the headman' in Tagalog.

" 'What are you going to do when the Japs come?' we asked 'Dad.' He straightened up—all six feet two of him.

" 'Have my dignity to think about,' he said. 'I'm not going to the hills. I'll stay right here and face them.

" 'Dad' was working for the government for a dollar a year. When he finally finished with our repairs —they took many days—we asked him how much the bill was. "We'll forget about it,' he said. 'You fight 'em and I'll fix 'em. It's the least I can do.'

OBITUARY NOTICE OF MRS. ADELE KENNEDY

After a brief illness of less than a week, Mrs. Adele Kennedy, wife of Rev. Day Kennedy passed away at a hospital in Dayton, Ohio, June 30, 1943.

Mrs. Kennedy was born at Swanwick Illinois January 4, 1893. Her parents William and Mattie Pinkerton, both deceased. For several years she resided in Coulterville where she endeared herself to all those who knew her.

On June 22, 1931 she was united in marriage to Rev. Day Kennedy. Immediately after their marriage they began their ministry and church work at Mt. Perry, Ohio where they labored for five years. They then moved to Dayton, Ohio where they continued their church work in Sugar Creek for the past seven years.

Besides her husband she leaves the following sisters and brothers who will greatly miss her earthly presence: Mrs. Dove Cleland and Mrs. Alice Donaldson of Chicago, Miss Anna Pinkerton of Phoenix, Arizona, George G. Pinkerton of Bartlesville, Okla., and Walter Pinkerton of Coulterville. All of these were present at the funeral services held here with the exception of Miss Anna Pinkerton. Among others present were Mr. and Mrs. Edward Haas and family of St. Louis and Mr. and Mrs. Albert Kennedy of East St. Louis.

Before leaving Dayton a service was held in the Sugar Creek United Presbyterian church in which eight ministers had a part.

The body was brought to the Burns Funeral Home in Coulterville on Friday and funeral services were held at the United Presbyterian Church Saturday afternoon at two o'clock with the Rev. Carl O. Dobbins officiating. Rev Paul Warren Duncan, Rev. Carl Mitchell and Rev. Robert Stewart of Sparta were also present and had part in the service. Internment was made in the Coultervile cemetery.

Hers was a beautiful Christian life, she was always faithful to the work of the church. Her journey of life was a path marked with deeds of kindness and cheer. Truth was the inspiration of her life and by kindness she exemplified its great worth.

Obituary.

DIED--At her home, near Swanwick, Ill., Jan. 15, 1886, Mrs. Hannah Pinkerton, wife of William Pinkerton.

Her death was sudden and very unexpected, and is lamented by all who knew her. Hence, the following resolutions by the Ladies' Missionary society, of Bethel:

WHEREAS, it has pleased the Head of the church to remove by death Mrs. Hannah Pinkerton, a member of this society; therefore,

Resolved, 1. That we hereby express our deep sorrow at the loss her family, the church, and this society have sustained by the death of our sister in the Lord, and that her memory will be most lovingly cherished.

Resolved, 2. That we cordially bear testimony to the fruits of the spirit manifest in her life, to her modest and unassuming demeanor, and the genuine excellence of her character, which so endeared her to us, and commanded the respect of all who knew her.

Resolved, 3. That we extend our sympathy to the husband, dear little children and many loving friends, who mourn a loss more deeply felt than ours can be, and commend them to the gospel of Jesus Christ, which alone can disperse this dark shadow; especially to that tender assurance of our Lord, "My grace is sufficient for thee." May the hope that spans the tomb enlighten their pathway, and may they have grace given them to say those words, oftentimes so hard to truly say, "Thy will be done."

Resolved, 4. That in her sudden death we are reminded of the Savior's warning, "Be ye also ready, for in such an hour as ye think not the Son of Man cometh;" and that we are constrained to urge upon the young the duty of coming forward and engaging heartily in the work of spreading the knowledge of Jesus; and that we all improve this providence as saying to us: "Work while it is day, for the night cometh," etc.

The Genealogy of a branch of the Edmiston family

The family data ~~xxxxxx~~ found in this book was largely gathered by Robert Henry Edmiston of Inglewood, California and by Dr. S. Cameron Edmiston of Los Angeles, 208 Story Bldg. The Historical data and arrangement by the latter.
Much is left out but persistence ceases to be a virtue when delving into family history. Many were opposed to such an undertaking, others did not care to bother about it, so in the absence of cooperation and the further sacrifice of time this is the best we can do. Hoping that most of the relatives will appreciate our efforts.

When the work was begun we had not even tradition to guide us. The early history was a blank - even the name of the grandfather was in dispute. But by diligence and industry we have uncovered the American family and the Genealogical descent of the Scottish stock from which we have sprung.

Trcces the name back to 11th century.
William Edmiston born March 21 1823, died August 9, 1912 at Tilden.
Married Nancy Lindsay about 1843. Died May 20, 1911
Five children, James Henry, William T, Jane Ann, Charles Fremont.
Jane Ann married Alex Bickett

Traces one family all through -
Indents for the children - the line kept straight for brothers and sisters

Gives the early Scottish history - also McGuire history and others that had much intermarried

" Robert moved out there in 1811 (Tenn) and settled near Fayetteville in Lincoln County. When the war of 1812 broke out, William enlsited and served to the close. He married in 1817 and with his brother John who married in 1823, with their small children, moved to Randolph County Illinois in the fall of ~~1823~~ 1832. "

Pinkerton Genealogy

Our Revolutionary ancestor was James Pinkerton, name of wife unknown, born in Camden, S. C. of Irish extraction. He was educated for the sea and served in this capacity as captain. At the breaking out of the Revolutionary War he left the sea and served under Sumpter and Marion through all the southern campaign as conducted by Marion and Sumpte

Many are the thrilling adventures through which he passed. He was finely educated and at the close of the war devoted his time to teaching in S. C. and Lincoln County, Tenn. He moved with his wife and family to Lincoln Co. Tenn in 1816 where he died at age of 82 years near Fayetteville, Tenn.

His son John and wife, Sarah Gilmore Pinkerton accompanied him to Tenn in 1816. He was a member of the Old School Presbyterian Church. James Pinkerton and wife raised a family of seven children.

James Pinkerton was a native of Camden, York Co S. C. at the time of the first American Census. 1790, page 30, See National number 254, 444

I made this copy from my record as I think it is one to be proud of and that it may help you to trace the ancestry if you care to and I hope you find his wife's maiden name.

Here is my ancestry (copy)

James Pinkerton was the child of
William Pinkerton and his wife Nancy Hault McCormick
William Pinkerton was the child of
John Pinkerton and Sarah Gilmore Pinkerton
John Pinkerton was the child of
James Pinkerton and wife (unknown)

Your grandfather was John Pinkerton brother of William Pinkerton (my grandfather) and they were sons of John Pinkerton and ~~xxxx~~ John was the son James Pinkerton our Colonial ancestor.

We have to thank Lyda Pinkerton cousin Finley Pinkerton's wife for all this. She spent much time and I think quite a little money. Our records are in the Fort Chartres Chapter of the D. A. R. Sparta, Illinois.

A. P. has just received this letter and certificate from Mrs. Finley Pinker in Sparta. She found it in some old D. A. R. records and thought it should be included in the family history.

She says:

I have nothing new to report as to family records, everything seems to be at a standstill.

This church certificate locates their place of residence in Tenn.

At Christmas I received a card from a second cousin in Mercer, Pa. She said, My nephew is attending Wooster College Ohio and his roommate is a boy from Oklahoma and his name is Lessley Pinkerton. I wonder if this boy could be any relation to your husband's people. I telephoned Mrs. Vernon Lessley and she said, Yes, it must be George Pinkerton's son from Bartlesville, Okla. This is surely a small world.

This old church record from Union Church south of Sparta has some very interesting records. Some show that they who "waxed hot" were brought up and reasoned with before the session.

We have had avmild winter so far, no snow, but lots of dark, cloudy weather. The seed catalogues are arriving and that is a good indication that spring is coming.

I am sending this to your address in Phoenix but am not sure it is the latest one. Hoping you are well, I am

FAMILY HISTORY

Family history is a fascinating subject, whether it is approached from the personal need of tracing a certain line or the more general interest in tracing history through individuals. "There is properly no history, only biography," Emerson tells us. And the genealogist finds his grasp of historical events increased and his understanding of humanity deepened through the tracing of family descent.

GENEALOGICAL RESEARCH AT THE PUBLIC LIBRARY

The Library does not compile genealogies. Every effort is made to assist patrons in making use of the books and material in the Library or to direct inquirers to outside sources of information. But the actual examination of records and taking of notes must be done by the compiler of the genealogy.

The Family History collection is located on the mezzanine just above the History Department. The collection consists of about 7000 volumes largely of reference material,—of state, county, town and family histories, war rosters, works on heraldry and the peerage, catalogues, dictionaries, indexes and general works on genealogy. Many important works are to be added, and gifts in print or manuscript of family history, war records, etc., are welcomed by the Library Commissioners. Photostat copies of non-copyright material will be made by the Library at a nominal cost.

I. Time and Tools Required

By the Compiler of a Genealogy

Time, patience and notebooks are the three first requirements of the worker

who comes to the Library to trace a family line. It may take weeks or even months, to complete a line. Much tedious repetition may be saved if the compiler takes systematic notes and keeps the accumulation of information in regular form, preferably on loose leaf note books or cards.

II. Taking Notes

If a single line is to be traced, the tabular form, numbering the generations as shown below is sufficient. If an entire family is to be traced, it is necessary to employ some such form as that used by the New England Historical and Genealogical Society. The item of information must be copied accurately and full authority given. If information has been obtained through personal communication, note name and address of informant. If obtained from a book, name *author, title, volume and page.* If the item is verified in several sources, note this with full page reference. If details vary, try to establish correct date and name, through examination of vital statistics, i. e., records of births, baptisms, marriages, wills.

Note any information on the name of the family to be traced even if the connection between the general family and your line is not yet established. With the item of information, record page and book reference, as

James Smith, 1893. Brown's History of Kansas City, Mo., pp. 27, 56, 78.

All information about one person or one generation may be kept together by adding cards or loose leaf pages and giving the Generation number as shown in "Tracing a Family Line."

III. Tabulating Information

In tabular form write out the information you have. (Use one side of the sheet or card with double spacing and wide margins.) Example:

1. Name of father
   b. date and place of birth
   m. date of marriage and name of wife
   d. date and place of death
      Mother
         b. date and place of birth
         d. date and place of death
      Children
         Names of each child with date and place of birth dates of marriage and to whom

2. Name of grandfather (father's or mother's father)
   b. date and place of birth
   m. (1st) date of first marriage and name of wife
      Wife
         b. date and place of birth
         d. date and place of death
   m. (2nd) date of second marriage and name of wife
      Wife
         b. date and place of birth
         d.
      Children. Give names of all children known, with dates and places of birth, marriages and deaths, and names of persons they married.

3. Name of great grandfather. Carry out as above.

4. Continue as far back as known.

General directions for completing the table:

When you have completed the table as far as you are able with the information at hand, being careful to give full names and places of residence, and every available date, seek additional information from family Bibles, note books, diaries, old letters, cemeteries, (tombstones are often a great aid in tracing descent) and relatives. Consult the oldest relative who is able to furnish information and verify carefully any items given verbally.

Note the occupation of each entrant, and changes of residence. Note names of children of any descendant, or the history of nearly related lines may assist in tracing your own.

When you have exhausted the possibilities of information of your own resources, ascertain where the earliest grandparent of whom you have statistics was born. If any of the family still lives in that place, communicate with this member and seek additional information. If no member of the family is still living, church records or town records may provide valuable hints.

IV. Hints for Correspondence

In addressing a member of the family, give if possible the relationship of this member to the line you are tracing. State briefly all you know about the line, giving full names, places of residence, dates of birth, death and marriage, and names of children.

State your questions definitely and clearly. A typed set of questions with blank spaces for answers is a good form.

Try to gain the interest of the person, society or public office you address by the manner in which you present your request. Offer to pay for any expense en-

tailed and in the case of town clerks or public officials enclose a fee of one dollar or more.

Do not feel discouraged if your first letter brings no reply. After a search at the Library has been made and additional information gained, write again and tell your purpose in making the search. It is sometimes necessary through repeated effort to arouse the person addressed from indifference to interest.

V. How to Use Material at the Library

When personal information is as complete as possible and the tabular form of ancestry as far back as is known is made out, the compiler is ready to consult the general indexes and catalogues at the Library. Consult the Library catalogue and the Munsell's Indexes (to be found on the Librarian's desk) which will tell you if any of the family name is mentioned in town or county histories or special family genealogies. Occasionally you will find such a reference as this: "James Smith comes from the emigrant Mathew Smith, who settled on Long Island at Southampton in 1643." Then you will be able to work from the earliest known ancestor or the latest descendant and will have two points of contact.

Munsell's Index will give the local histories, etc., that embody family genealogies. Savage's "Genealogical Dictionary" will give information of the families who came to New England in the 17th century. The Index to "New England Historical and Genealogical Register" is often most useful in tracing individual names. For Southern lines, there are no good general publications, so the search is made in every book for each state, Virginia usually being the starting point.

If no reference to a family name can be found in the Catalogue or Indexes, it may be necessary to search through town or county or state histories, page by page. These histories often have no name index, but careful reading may afford many pertinent facts. The table of contents may assist by indicating the special locality wanted or the subject matter, as war records, marriages, etc.

State and county histories are kept in the stack room, to which the public is admitted.

VI. Primary Sources of Information at The Library

a. Useful indexes and catalogues:

Savage's Genealogical Dictionary of New England

Indexes Daughters of the American Revolution Lineage

Library Catalogue

The Catalogue in the Genealogy Department is arranged by name of family and place, listed first by state, then by name of town and county and arranged in one alphabet.

b. Books of first aid to the Genealogist
   1790 Census
   Pope's Pioneers of Massachusetts
   American Ancestry

   Armstrong's Notable Southern Families

   William & Mary College Quarterly, etc.
   Rosters of Revolutionary Soldiers
   War of Rebellion Documents
   Rosters of Civil War Soldiers issued by each state

c. Books of History, Travel, U. S. Government publications, etc.

While most of the material needed by the genealogist is centered in the Genealogy Room, there are volumes of history and travel which are found in the History Department, which may be useful in establishing a relationship or location of family residence, and interesting in forming a background of family history. In the Sociology Department are war records and United States Government publications which may furnish valuable statistics. It is well for the genealogist, who necessarily must be something of an historian, to discover the resources of these Library Departments.

VII. Tracing a Family Line

Study some of the forms used in the more recent books on genealogy. That used by the New England Historical and Genealogical Register is the standard now generally adopted.

Begin with the EMIGRANT ANCESTOR—GENERATION I.

1. Give all available information about the earliest ancestor under 1 and the list of his children, with information as complete as possible under each of "Generation 2" so that identification of any of these will be possible in tracing for descendants.

Give information of "Generation 2" and list the children of each under "Generation 3."

Follow with "Generation 3" and so on.

Keep each individual on a separate card or loose leaf sheet.

A form similar to this is good:

*6

This is the information needed for complete identification. The necessary facts may be gathered at different times and from various sources and can be added as found on the card. Give authorities, as "Hudson and Mohawk Valley Families by Cuyler Reynolds, Vol. 1, p. 29.

It is often necessary to refer back to the authorities cited for verification, and the list should be clearly kept.

VIII. Tracing Descent for Admission to Patriotic Societies

To give proof of descent for membership in a patriotic society it is necessary to carry your line from yourself to the time in which the events took place, which are commemorated by this society.

Read the requirements of membership carefully; note exactly what service is required of your ancestor and the kind of proofs you must furnish. The Society may issue information on sources of genealogical tracings. The publications of the Society often give aid in tracing one member from the information furnished by another member.

The Los Angeles Public Library contains a fairly representative set of rosters for the Revolutionary War, and is seeking gifts of war records from every state. In many instances this collection and that of the library of the Sons of the Revolution supplement each other. But to mitigate the danger of loss of valuable records the Library aims to build up the collection through every possible means.

After tracing your ancestry to the period required, recording full names of husband and wife of each generation and dates of birth, marriage and death, together with volume, page and author and title of source of the information, the next step is to prove that your ancestor rendered the service specified. Proofs of service may be found in the rosters of soldiers, in war records, in the publications of the various patriotic societies and in the county, state and family histories in the genealogical collection.

IX. Heraldry

Heraldry, in America, is of traditional interest only. But tracing family rights to coats-of-arms and family mottoes has much fascination. Changes made on coats-of-arms through "quartering" by intermarriage and special service rendered, as well as the variable mottoes used by the older and younger sons of the same family make the establishing of the rights to a certain device, an interesting, but exacting task.

Books on heraldry, giving general information, should be studied before making a search for family rights to coats-of-arms. Fox Davies' Complete Guide to Heraldry, and Clark's Introduction to Heraldry are excellent.

American families whose ancestors bore arms are listed in such books as Crozier's General Armory, and Matthew's American Armoury and Blue Book.

The Library collection on British heraldry is excellent. For other countries than Great Britain, Rietstap's Armorial General is helpful.

CONCLUSION

The searcher of genealogical records will be rewarded if he makes a systematic and persistent effort, and records his findings accurately. Practice in the use of the books on genealogy, and acquaintance with the Library collection increases the skill and speed of the compiler. Many accurate "family trees" have been built up from Library material.

Brinks Historical Atlas of Randolph Co. Ill. page 70 B
1875.

"The Pinkerton family, of which this subject is a descendant is of Irish extraction.

Mr. Pinkerton's grandfather, James Pinkerton, was brought up and educated for a sea captain, and served in this capacity for a number of years. On the breaking out of the Rev. War, he left the sea and joined the Continental forces and served as a staff officer with General Sumpter, throughout the ensuing struggle, and was a participant in nearly all the southern campaign as conducted by Marion and Sumpter, and many were the thrilling adventures through which he passed. He was very finely educated, and at the close of the war he devoted his time to teaching, and taught both in S. Carolina and in Tennessee, and finally died in the latter state at the good old age of 82. He belonged to the Old School Presbyterian church and through all the vicissitudes of life on sea and land ever preserved a uniform consistent christian deportment. He raised a family of seven children.

John - Mr. Pinkerton's father was a native of S. Carolina, and he there married Miss Sarah Gilmore.

after the birth of six children, he emigrated to middle Tenn. and settled in Lincoln Co. 75 miles south of the city of Nashville. While there the family was further increased by the birth of 5 children. He made a visit to Randolph Co in 1844. This was the year of the great rainfall in the Miss. Valley, and not being favorably impressed with the appearance of the country he returned south and spent several years in the state of Mississippi, where several of his children had settled. He finally went to Texas where he died the year after he landed, in that state at the home of his youngest daughter Mrs. Sarah Akel. His wife preceded him to the grave a number of years, dying in Tenn. in 1831. He never married a second time but spent his remaining years with his children. He and his wife both lived and died in the fellowship of the Presbyterian Church. He was a gentleman widely known for his manly and patriotic qualities, and was honored as one of the soldiers of the war of 1812.

Mr. Pinkerton our subject was born

in S. Carolina, Feb 21. 1811, and was between 4 and 5 years old when the family moved to Tennessee. He was married in that State to Miss Nancy Hughey by whom he had four children, prior to coming with his father to this county in 1844. Liking the appearance of the country he determined to remain and has ever been a citizen of Randolph Co. In 1845 he had the misfortune to lose his wife the companion of his youth, who died before becoming the mother of many additional children. She was a consistent christian a member of the Presb. Church, a fond mother, a loving and faithful wife who for many years brightened the home of her husband and participated for many years in his toils and cares.

In 1846 Mr. Pinkerton married his second wife Mrs. Mary McClane, the daughter of James McMillan, one of the early settlers of this County. This excellent lady died in the fall of 1873, and Mr Pinkerton is again left companionless after having buried two excellent wives. He has the comfort of living among several loving and dutiful children the comfort of his old age. The young est

The treasures of infinite substance

spiritual understanding of God's infinitude uncovers the fictitious nature of lack. Indeed one can not know "man as the reflection of infinity and at the same time believe in poverty or lack." "How" one may naturally ask! "can I make these basic spiritual and metaphysical facts practical?" First of all by recognizing their truth, then by prayerfully making them one's own with the perception that one may not see immediately how to act. All of every matter of finite incapacity, inability, all the belief of lack of talent or inspiration, all hides the divine possibilities and conceals scientific demonstration" Man as reflection in the emanations of infinite Mind, all true knowing, must therefore be proven the standpoint of infinity and let the evidence appear as one begins to understand the infinite capacities & potentialities of man as God's reflection & also consequences to one utilizing them in demonstration, let cleared to be a finite thinker. He sees that scientific understanding or knowing does not recognize limits in any direction. He no longer accepts the belief of limited substance limited opportunity, and limited supply.

you do not know the truth in order to make it true. It is true already you know the truth in order to harmonize your thinking with the spiritual reality. this brings the evidence into your experience.

Consciousness and evidence are one.

Never believe that you are far from God, nor think that you are merely close to him you are actually inseperable from God never think of yourself except as a full expression of God. evidencing true being

this year has been exceedingly quiet, too. Most of the time I haven't worked in the garden at all but am now doing some weeding but they have grown unhampered so long that it is slow work and won't get finished. Lucky I didn't start as much as I did last year for it hasn't been a very good garden year with July quite dry and now August unusually wet.

The wild blueberries are quite plentiful this year so I went out and got a few quarts this week - quite enjoyed it as I haven't been out for several years - for one thing the hurricane seemed to have affected the bushes and there were almost no berries set. Last year I did quite a bit of canning and still have a lot left over so the berries

will be all I'll do this year, I guess.

H.S. seems to be doing quite a stamp business and his news sheets are quite interesting and amusing. I enjoy seeing them and it is nice of him to send them to me although I've told him I am doing no buying ever again.

Of course I was much interested to know that Joe can walk without a limp and do hope the arms will improve. What do the doctors tell them as to complete recovery?

I'm glad your sister will be back with you permanently - it makes such a difference when you have relatives near - (or far either)

My gracious, guess I'll move

out to Arizona - milk has gone up again here - 23¢ now - It is interesting to compare prices in different sections Can get meat now but oh so high - here - In Hyannis one can do much better and not pay 81¢ for a pound of hamburger as I did once.

What a hard experience your Mrs. Pinkerton had but she was lucky to have good friends and to make so full a recovery.

Again thanks for your kindness and with best wishes to you,

Dear Anna, - Have you Spanish blood that you give your possessions to one who admires them? I have today received a notice that you are sending me Arizona Highways. Now I'm going to enjoy the magazine very, very much for several reasons - Those copies you have already sent me (except one that went to New Zealand) are on my reading table and are re-enjoyed from time to time but what am I to do about you? I'm pulling in my horns in almost all directions (maybe the figure is a mixed one but you get what I mean) and don't feel right to accept so much even though I get much pleasure from your very kind thought - all I can do I guess is to say thanks and thanks a lot.

I'm sorry to have the summer going so fast and dread winter which is always dull. Summer

Washington's Prayer for U. S.

(Editorial in Phoenix paper)

We do not know the occasion on which Georg Washington offered his prayer for the U. S. but whatever the reason that inspired him t offer up a supplication for the nation, it s to us that the prayer is as much needed toda perhaps more so, than when the first presiden of the United States uttered it. The prayer, a copy of which Mrs. Ida Bess of this city has sent to us, follows:

"Almighty God, we make our earnest prayer that Thou wilt keep the United States in Thy holy protection; that Thou wilt incline the hearts of the citizens to cultivate a spirit of subordination and obedience to government; and entertain a brotherly affection and love for one another, and for their fellow- citizens of the United States at large.

"And finally that Thou wilt most graciously be pleased to dispose of all to Thy do justice, to love mercy, and to demean ourselves with that charity, humility and pacific temper of mind which were the characteristics of the divine Author of our blessed religion, and without an humble imitation of whose example in these things we can never hope to be a happy nation.

"Grant our supplication, we beseech Thee, through Jesus Christ, our Lord. Amen."

Desert Christmas

Staff Sgt. Marcus E. Lytle

Snow for Christmas, Eastern friend,
Where Palestine had none?
Judea's stars were close & soft
Where God sent down His son.

Bethlehem had gentle hills
Like those you saw today;
Through a velvet night like this
The Wise Men found the way.

Do you think the angels sang
Through Christmas trees & snow?
Hear their anthems stir the palms
Tonight, as long ago.

(Used by Bishop Kinsolving)

Flight

Mamma, do angels have wings?
Yes, dear, replied the mother
And can angels fly, mamma?
Yes, dear.
Daddy said nurse was an angel last night. When will she fly?
Tomorrow, replied the mother.

The Way of Choosing

Boys were playing baseball on a corner lot.
It was Sat afternoon and they began to choose sides
Bill and Tom were the self-appointed captains.
They always were.
I'll take Harry said Bill
And I'll take Melvin, said Tom
I'll take, Joe, said Bill
Then Tom chose Henry.
Bill's father watched the selection a long time then he called Bill to him?
Son, what's the basis of your selection? You do not choose the big boys at all? Why Harry and Joe are shrimps. What's the matter with that big chap over there. And that dark haired husky over here
Dad, you don't understand. replied the young captain. Harry and Joe never quit. I don't mind about their size.
Father went to work with something to think about
's spirit that counts.

Lincoln Book - by Otto Eisenschiml

Why did Grant suddenly avoid the theatre party. Grant and wife supposed to be guests of honor at Ford's Theatre on April 14, 1865 decide that very day to miss the party and leave Washington at six o'clock

Why was Lincoln's request for special protection at the theater refused by Sec of War Stanton

Why was John F. Parker, president's bodyguard never punished for gross negligence which made the murder possible

Why was Parker selected in 1st place, and why have historians neglected to investigate his previous shady record?

Why after the assassination was the murderer not named in official dispatches until too late to catch the morning papers?

Why did all the commercial telegraph lines go (out of W) out of commission immediately after Lincoln was shot?

Why was not Booth brought back alive, when he could have been returned alive, and who responsible for hampering his pursuit?

How far did Lincoln stand between a powerful politi group and realization of their desires?

The 1934 Psalm

Mr. Roosevelt is my shepherd,
I am in want.
He maketh me to lie down
On park benches;
He leadeth me beside still factories,
He disturbeth my soul;
He leadeth me in the paths of destruction
For the party's sake.
Yea, though I walk through
The valley of the shadow of depression
I anticipate no recovery,
For he is with me,
His policies and diplomacies
They frighten me.
He prepareth a reduction in my salary,
In the presence of my enemies;
He anointeth my small income with taxes,
My expenses runneth over.
Surely unemployment and poverty
Shall follow me all the days of my life
And I shall dwell in a mortgaged house forever.

One of the old business houses in Angeles is a stamp exchange. It was established in 1887 by John D. Mercer and still is doing business at the old stand, on First street near Main. It is only part of a news stand, but many a postoffice hasn't sold as many stamps at it has.

Collecting Stamps Is an Ancient Fad and Long Has Interested Us

D. B. McMillan, the present owner of the stamp business, tells me that never before has there been such interest in stamps as now, when so many new issues are coming out. The National Parks stamp alone, he says, started at least 1000 new collectors going. Whether it is something people are taking up in their leisure time he doesn't know, but the fact remains that depression brought out comparatively few stamps the collectors didn't know still were in existence.

He showed me a copy of the latest Standard Postage Stamps Catalogue, a book as thick as the complete Los Angeles telephone directory. It is the ninety-first edition. Beside it the fiftieth edition is a very thin booklet. One stamp valued in the fiftieth edition at 10 cents is listed at $7000 in the latest edition. So if you happen to have any really rare stamps in your possession you may have a lot of money you don't know about.

"ON THE OTHER SIDE OF DEATH."

Death is a gateway we all must pass through
To reach that Fair Land where the soul's born anew
For man's to die and his sojourn on earth
Is a short span of years beginning with birth.....
And like Pilgrims we wander until death takes our hand
And we start on our journey to God's Promised Land
A place where we'll find no suffering nor tears,
Where TIME is not counted by days, months or years

And in this Fair City that God has prepared
Are unending joys to be happily shared
With all of our loved ones who patiently wait
On Death's Other Side to open "The Gate!"

Helen Steiner Rice

The waking earth in Springtime
Reminds us it is true
That nothing really ever dies
That is not born anew.....
So trust God's all-wisdom
And doubt the Father never,
For in His Heavenly Kingdom
There is Nothing Lost Forever.

MISSION: THE CHRISTIAN'S CALLING

What is my mission as a Christian layman? A new type of mission theme gives every Christian the opportunity to ask, and to answer for himself this all-important question in discipleship--and four others which are a part of it.

What is my mission where I live, where I work, where I play? What does my faith have to say about decisions in my work, the use of my time and money?

What is my mission as a citizen who is also a Christian? How does my faith make itself felt in all social relationships: racial, cultural, interfaith, international?

What is my part in the organized mission of the People of God, the church? Am I to be one who is sent or one who is to support in varied ways those my church sends?

What is the authority for my Christian mission - the biblical basis for my Christian responsibility?

What is our mission to a secular world? What is the world saying to the church? These are the questions which this theme confronts you.

4 James W. is married and lives with him on the home farm. Another son by the 1st wife by the name of Wm. F. is married and lives in Perry Co. Another son also by the first wife settled in Johnson Co. Kansas. this was Luther. Isaac the eldest went to California in 1852 and has spent his life since in the west, and is now a resident of Wyoming Territory. Another daughter Minerva who maried Alexander Mc Millan resides in Centerville Ill. Miss Sarah is at home with her father.

In coming to this state W. Pinkerton bought 75 acres of raw land where he now lives. This he improved and he purchased more land until he now owns 180 acres - a part lying in Washington Co. This is a home farm good improvements, and splendid drainage. He now proposes to sell his farm and retire from active life This is a fine chance for some enterprising farmer for the location is fine and the land very rich.

Mr. Pinkerton is also a member of the Presb. church and has had the satisfaction of seeing nearly his children acknowledge the Lord and commit themselves to a holy life.

5. The son residing in Perry Co. served his country in the Civil War, with the rebellious south.

One of Mr. Pinkerton's brothers, Samuel was in the United States Army with the war of Mexico. and his wifes father Jamed Mc Mehan was in the war of 1812.

My dear Cousin.

Your letter of Nov. 7/36 should have been answered long ago. I sat down at my desk with that intention on several occasions but was always interrupted, by phone or called.

I am very grateful to you for the chart and can appreciate what time you devoted to it. I only wish I could type.

It was wonderful to make the contact with Mrs Lualle Powell Beale. I think it is very encouraging to know that a member of the younger generation is innoculated with the bug. I am sure she would be interested to know that through her ancestor James Harvey P. and Anne Eliza McKelvey she had a line in the McKelvey family, also through the father and mother of James Harvey P. we have through his wife Nancy Gault McCormack a Gault line. These lines the McKelvey and Gault have both been proven and accepted by the D. A. R. I can give them both to her if she is interested. I gave the three lines to Mrs Luper Pinkston. Gault and also the McKelvey. I have four lines I am working on and seem to be blocked on each one, however I will go on helping others and probably my turn will come some time.

You have surely furnished a world of information

about the western branch of the Pinkerton family and I am so pleased to know that some one in the family is ancestor minded besides myself. The immediate family here in Sparta knew so little because their father was not with them and they did not remember their mother either.

Several of our D. A. R. members have the lineage books and charts, but so far I have always used the loose leaf variety. However the books are lovely and there are several varieties of them on sale.

Our D. A. R. Chapter is working at present with the various churches in bringing up to date the various census records of baptisms and marriages, death records, which I think will be a big help to people later on. The recent data required by the Old Age pensions are arousing people to the fact that there is really something to genealogy that is worth while.

Our D. A. R. chapter won the state prize last year for the largest number of old records collected in the state. We had collected over 800. all being prior to 1850. They were, wills, deeds, land grants, abstracts, family bibles (records) old letters and family biographies.

Elizabeth Pinkerton was able to get over 600 land grants of) Missouri and Illinois at the Federal Land Bank in St. Louis where she is employed. That gave us a good start.

We read about your weather and I suppose you read about ours. It is all true this time. We have had everything you could imagine so far except zero temperature. This morning I dressed for S.S. and church and when I went out a covering of ice was over the recent snow and there was nothing to do but come back and be contented to spend a quiet day alone. Gawd it is beautiful to look out upon as every little twig has a thick coating of ice on it also about four inches of snow on the ground. When we have our heat next summer we will at least have something cool to think about.

The flood conditions are deplorable at this season

and I am truly thankful we are 20 miles away from Old Man River.

I sincerely hope you are well and hope you can come east again next summer. I do hope in your exchange department of family records you will stumble on to someone with an old family bible giving the names of Sarah Gilmore parents also their children. We have never contacted the Tennessee Pinkertons and I am sure there must be a great many there who would be interesting to meet.

Best regards and good luck. I am always glad to hear from you.

Yours as ever

Dear Anna,

I was so pleased to receive the orange blossoms. They sure had the sweet odor, and I placed them in my drawer to scent my clothes. Thanks so much, also for the typing. I have since written to: Mrs. Sam Bumpass, Tom Hughey, Mrs. J. L. Green, Woodie Hughey, and Burruss Co. I had already written: Mrs. Maude Garrison, Mrs. Ethel Barrow, Mrs. B.W. Anderson, and Mrs. Richard Carter. All but Mrs. Barrow were returned. Then at the same time I wrote Mrs. Green, Mrs. Brooks, and Mrs. J. Thomas, and received letters from them. Just recently did I get Mrs. Thomas's, and am sending the material to be added, there is no rush about my copy, so it may be nice to wait until we hear from others. So glad you wrote Mr. D. T. Hughey, and hope you get a reply.

Sam Pinkerton is back in Elk City now, and I plan to visit there this summer, so nice see him. Also several

others, but doubt whether I'll be able to get any information we do not have from the others. It will probably be in June.

May is going to be a happy month here. Daddy is coming the 8th or 9th. He hasn't been here since Christmas, and I'm so anxious for him to see Ruth. Then my brothers will be here them, too. Grandmother plans to visit us two weeks, and Brother will be here for a week-end, then.

I am another "fond mother" I suppose, but I haven't spoiled Ruth, and she is such a good baby. Very seldom cries, and sleeps so well at night. I took some pictures, but haven't finished the roll yet.

Brother was here last week-end, and fixed our wind-charger back, and wired our house. So now we have lights and our radio, again. We do our bits of improving as our pocket book allows. Ha.

I hope you'll take a few pictures this summer, and remember me, as I'd like to have some. Write again, soon. Lovingly,

Rebecca Pinkerton & Henry Hughey

Dear Anna:

I received your letter and am enclosing the information you asked for. I didn't make a very good copy but am out of practice.

I am working in a Coffee Shop in the hospital across the street so am kept pretty busy. It is a Catholic Hospital but having lived here so many years, and having

had some one in as a patient I know them pretty well. I can't see much future in it and as I am going to have to have a cataract removed from one of my eyes, I don't suppose I will be there very long. It keeps me busy and that is what I need.

We had a bad winter but spring is here, at least for the present. I have a big yard and the violets and early bulbs are out in bloom and it certainly gives a person a lift.

I will write to the Adjutant General's Office for the information as you suggest as some of the grandchildren may make use of it. You know the Mormons make a great to-do over Geneology and my

friends have been disgusted with me as I wasn't ~~any~~ too interested.

Glad to hear from you. I have often wondered about some of the family but that is as far as I go.

Cousin Anna:- I intended writing you, and sending you the pictures shortly after I received your letter. But Prune harvest came on, and lots to do. But finally got them gathered up, and you say you have a hobby for old letters will supply you. I from your Father to my Father during the War. I from Cousin Jim. while he was in Colorado.
You would know uncle Wills & Jim's to be Pinkerton with out their names. also a Photo of your Grandmother, one of Great Grandfather. "The folks say I am going to be the duplicate of the old boy".

Part of the things will be yours for keeps and am placing you under heavy Bonds for the return of the rest of them.

I fully intended to get this off to Coulterville for the family reunion but did not get it done.

Well I supposed you had a fine trip East. would surely have liked to been along. 36 years since we left the Ozarks. & Alice remembers me she began remembering pretty young for it is 45 years since we were at your Home there was a plank fence around the yard and 3 or 4 rails Hanging on the fence. Uncle Will had a gray team. R.R. run back of Barn not far. Uncle Will visited us in Mo. several years later.

I am sure you would have a good time while back East. and am supposing you are back in Phoenix.

Wish you could have come by. There is so many things that I can't write them all. as soon as I hear from you will send the pictures and old letters will mark the ones you are to keep. I guess you told me but am not clear as to who Margaret Leiper is? Jim, John Ben or Susan Carothers daughter?

Dear Sister

and family. I sure was glad to hear from you, receiving a card from Anna, and a letter from you a short time ago, but it is a different thing when it is my time to write. I have been well as usual, have not had any "flu", but have not felt as well as I used to be, for more than a year, and have got to being so trifling, i.e. dont like to work. The "flu" has been very bad, all through here, since Oct 10, not much of it right near us, Frank came nearest having it, he was sick two days at home, and was sick a while

perhaps a day before he came home, (he was out on the road,) he lay quiet, took a little medicine and was soon better. We have it ~~quite~~ quiet here now, well only when war news is exciting, Soldiers coming in, or going through or something like that. there were two trains of them went through today, going to California, I did not know that Walter was gone, and clear to France, until your letter came, I hope he soon gets home. Well I heard the remark several times that Eldands were in Chicago. have they moved? when was that?

Well I hardly know now how I felt but every one else was surely excited, the people here began to celebrate at or near three o'clock in the morning, and kept it up till midnight, a most

deafening noise, noise of every kind one could think of, the "flu" broke out again as bad as ever, or perhaps worse immediately after that. it is dying out now. some of the churches are opened. Schools opened on monday this week, no sabbath schools were opened yet, will be next Sabbath. I feel like I've lost all track of time. I stay at home in the house nearly all the time.

I am getting the Coulterville paper, get what news there is in it, but that is not much, I sometimes think. I hope this finds you all well. and beg of you to excuse all mistakes, for I see a great many of them.

The Red Cross has not been working this winter like it did once, I have not been to a

Red Cross meeting this winter, I belonged to, and worked in, a Belgium — place, I even forget the name of it — we made clothes to send to the Belgians children. I am watching and expecting every week for it to commence again. I've been knitting — well for Frank this winter.

Hope you had a merry Xmas and wish you all a Happy New Year, all the years through

Mr. J. E. Pinkerton

Dear Friend:

This letter from Mr. McKinley is as far as I have gotten in regard to where your Grand Father Pinkerton settled on the old Homestead now owned by S. G. McKinley & Wife. You can see by this letter that Grandpa Pinkerton bought this land from Mr. East. I had an idea that he either Entred or bought it from the State or Government. I know very little about Luther or his family as he went to Kansas Shortly after I got acquainted with your Grand Father Pinkerton. Will write any further information I can get. I am just about sick enough to go to the Hospital at present.

My dear Cousin.

I am going on the supposition that I am owing you a letter. I usually am owing letters to my friends.

I discovered the church notice in some of our D.A.R. records and thought its quaintness was rare and should be recorded in your family record. You see our records do come in nicely for those who are interested.

I have nothing new to report as to family records, everything seems to be at a standstill.

This church certificate locates their place of residence in Tenn.

At Christmas I received a card from a second cousin in Mercer, Pa. She said, "my nephew is attending Worcester College Ohio, and his roommate is a boy from Okla. and his name is Lesley Pinkerton, I wonder if this boy could be any relation to your husbands' people". I telephoned Mrs. Vernon Lesley and she said yes it

must be Geo. Pinkerton's son from Bartlesville Okla.

This is surely a small world.

This old church record from Union church, south of Ipata has some very interesting records. Some show that they who "waxed hot" were brought up and reasoned with before the session.

We have had a mild winter so far, not snow, but lots of dark cloudy weather. The seed catalogues are arriving and that is a good indication that spring is coming.

I am sending this to your address in Phoenix, but am not sure it is the latest one. Hoping you are well, I am

Yours very sincerely

Mrs Finley C. Pinkerton.

Dear Miss Anna:

We sent your applications by registered mail to Washington yesterday. You will be notified when the Board has approved them. They probably won't be passed until the latter part of October as there are no Board meetings during the summer. If there is anything wrong with the data you have submitted, the registrar's office will write you.

We received the literature you sent us descriptive of Arizona. The scenery is very beautiful. I have always heard that the state is beautiful. We were very much relieved that the first envelope had not contained genealogical data. It was bad enough to lose the contents anyway without some contents that were altogether irreplaceable.

I am returning the work blanks which you will want to keep in your own files for reference. It was not necessary to send them to Washington. You might want to keep them before you in the event there is additional correspondence on your data.

You asked about Jean Beattie. Her mother's name was McIlroy. Mrs. Beattie is a sister of Fern Allen's mother who lives in Sparta. I could have asked Jean to sign your papers but did not know she knew your sister. I asked M rs. Lessley because I knew Vernon Lessley was a good friend of George Pinkerton and Lessley Pinkerton, his son, was named for Vernon Lessley.

Elisabeth was pleased with the doctor stamp and wishes to thank you for it. She said that so far it is the only copy she has received. She had a wonderful trip in Washington and the East coast, having gone as far as Boston.

She is out of the hospital now and feels fine. She is all pepped up to do further work on our family genealogy since her experiences in Washington. We have so many irons in the fire aroundhere, that it is all very bewildering and we practically wear a path to the mail box looking for replies to our letters of inquiry.

With best wishes,

Lida Pinkerton

Hello Folks,

I selected your name from the Phoenix telephone directory. I am not selling anything. I am trying to trace the Pinkerton family, with all of its branches, as far back as I can.

I have information that we are related to six American Presidents and to the Royal Stuarts of Scotland. I am trying to check the accuracy of this information and to connect all branches of the Pinkertons together.

If you will fill in the accompanying chart to the best of your ability, it will help me do this work. If you are able to complete this chart and need more charts, I can provide more. Please write all names in full and for the women, list their full maiden names(name before marriage). If any have been married more than once, please make a note of it on the back side of the chart. Please list all children on the back, for example:Charles Merrill Pinkerton,#2 had brother and sister named Truman Allen Pinkerton and Florence Marie Pinkerton. They were born on 26 July 1901 and 17 November 1897 respectively at Commerce, Iowa. Death dates unknown. Spouses unknown.

If you have enough material that it would be better to list on a separate sheet of paper, please do so. Please include any important details of their life, such as, " Mayor of Phoenix from 1763 to 1765", or "Bishop of Lutheran Church in Kansas City Missouri August 1911 to November 1927"" or any interesting stories. Military service, schools completed, type of employment. Any of these will make interesting reading and help connect to other Pinkertons. If you are doing Genealogy work, it would be interesting to know how long you have been doing it and how far you have been able to trace the family.

WILLIAM B. PINKERTON

Sincerely,

William B. Pinkerton

William Berwyn Pinkerton

Example

P.S. Please place the male name (John Sweeney Pinkerton) on the even numbered line, except for #1,and his wife's name on the odd numbered line. #2 should be the Father of #1 an d #3 should be the Mother of #1.

Clay Center Dec 15 –

Dear Cousin – I just don't know how to apologize for my long neglect in writing, but just tell you the plain facts. I just don't find the time. Walter's poor Mother is so feeble in both mind and body she takes so much care, almost constant care, then we have his old uncle to care for too, and we like a lot other have to plan every way we can to make a living. I make butter to sell we have two cows, (we only have a 5-acre tract here) keep chickens and raise garden. Walter is getting to the age when he can't hardly get a job you know these jobs are so scarce I bake cakes, cookies, & bread for sale, do crocheting or embroidery or plain knitting

but as you say of other Pinkertons we have never had to have charity aid. I have written to several cousins for family history only two have answered so far. one of my cousins wrote me that another cousin Florence Pinkerton Hackel has a very old family record I have written to her, so hope we can get that. I surely will try and get my information all together and have it typed and send you soon I haven't heard from Aunt Nathula for some time I sent her your new address have been wondering if they had gone to Phoenix We have had lots of rain this fall, and quite cold, we thought we might have some severe weather

like we used to have
then maybe we could
have a good crop. I suppose
it is there like it is
here so many people
on charity and this public
works.

I surely hope you have
a very pleasant Xmas
will you go back home
for vacation
we are not planning
for much we will have
a family dinner Xmas
day and I think two
of Walter's grand children
who are up here will spend
the vacation with us
I am going to try very hard
to get all my history together
soon and I surely thank
you so much for all you

to me
with all good wishes
to you.
I am sincerely

Dear Cousin Anna I was glad to hear from you again I have thought all summer I surely would write but as usual have been quite busy had lots of Company and Mother Hass is so very very poorly, then five week ago Walter and I were going to town on main high way a speeding car coming from side street struck us turned our car over 3 times, Walter escaped with out an injury but my neck was almost broke was twisted almost in an S had to have it x rayed thought for a while it was going to have to have a brace or cast but now the Drs think if I am real careful I can get along with out. I have one of my nieces with me I had a letter from Lucille Powell of Lubbock Tex she is tracing her Father's family too. The Sexton of Milton-le Cemetery had a letter from Mrs Calla Brauner. Camino Box 171 Calif.

asking him to locate the
grave of her Grandfather
James Bruce Pinkerton
who died in 1892 the query
was passed on to me I just can't
find any one by name of James
Bruce Pinkerton in our list
and we can't locate any graves
in the cemeteries around here
by that name does either
the Mans name or the
grand daughters name sound
familiar to you. I intend to
write to her to see if she
does belong to our branch
I get so disgusted because
some of them will not
answer. Did you ever hear
from Florence Hukel (can't
think of her address.) she was
supposed to have some very old
records I wrote several times
but could get no answer
in the last letter I had from
you last spring you asked

if Rella Pinkerton wasn't of my family she was my uncle Thomas Luther Pinkerton wife. I wondered if you just missed her name on the list I sent or had missed the whole sheet. I wrote on both sides of paper to avoid bulk and thought you might possibly have overlooked more.

I am ahead of you as I have three great nieces, these generations come on pretty fast don't they.

We are having lovely weather now have had some cold weather but no snow yet. I am still so weak and nervous I get tired so quickly I can hardly write but I wanted to thank

almost equal to 1918 we had the coldest winter we have had for years not so much snow just cold. We read of the "Polar Bear Cubs" I think they were rather brainless
we are having lovely weather now we are begining to get ready for gardening. I always get the spring fever when the first robin comes.
I had a letter from Olive Anderson last week they didn't get to come to Arizona as they had planned. I don't know why Aunt Martha is very poorly she had the flu and it has affected her mind Poor old Dear I feel so sorry for her and for Olive too.
I have quite a little of history of the families gathered and have been thinking I would get it typed but I believe I'll just send all I have to you. I am still trying to get more I just don't see why some of them won't answer I have written to Florence Hukel twice and she just don't answer at all, they tell me she did have some very old family records, some have been real anxious to help out and expressed a wish for a copy of the history

when completed. I think
most of the Pinkertons are

Dear Cousin Anna:

I am sincerely ashamed of myself for not having written before and I am not going to give a lot of excuses, but do hope that you will forgive me and I will try and do better. I guess since writing to you our oldest son, Harry and his wife and little girl, have moved to Washington, D.C.. He has a Civil service job in the Treasury department. They left here in November. They didn't like it very well but I think it was due to being strange as well as the holidays as their letters are more contented of late,

I received your picture and thank you. I haven't had a picture taken for a long time but will try and get the kodak out some of these days and have some taken. Years ago we used to take the children's pictures real often but since they are grown we haven't very many. We only have a few of the granddchild.

I sent a Xmas greeting to Aunt Lou but haven't heard anything from her. I believe I will write to Lovejoy and ask about her. I received a card from Marie Renwick Cain but haven't answered it. After hearing from you first I sat down and wrote a letter to Dove McMillan and sent it to the Hope Street address but didn't feceive a ~~xxxpix~~ reply and have been wondering if she was ~~xxxix~~ unable to write. I know just how hard it is if you get out of practice.

We have had a lovely winter. Some snow but the city officials say not enough for our summer water. We had about a week of real cold weather. There is still a little snow on the ground but it looks like rain so that will soon be gone. We get our water supply from the snow in the mountains that fall and pack early in the season. Last summer we were restricted during

the hot months so of course our lawns and flowers suffered. I know we used as much water but only every other day. We have a corner lot and it takes lots of work both winter and summer.

Do you make a trip back to see your folks every summer? If you do and come this way I sure would be glad to see you and get better acquainted.

I am enclosing the dates you asked for. I never had the date of Florence's marriage. Her husband still lives here. He married again and has a family. I had some trouble with him after Florence died and have never spoken to him since. Florence's boy, Frank Wendall McKee, is married and lives in Oakland, California. He and I keep in touch with each other and when he visited here a couple of years ago he called on us but to keep peace with his father, that was all. He and his family went back to Missouri at the time but did not know much about Olathe so was disappointed in not knowing where to find places. I don't believe there would be anyone there now that would know anything about me.

News to me

Write when you can and I surely will try and do better the next time.

Lovingly,

Bessie.

16 July 1962

Hello Ann,

I was glad to hear from you. I wrote to 8 of the 12 Pinkertons listed in the Telephone Directory. So far, you are the only one I have received an answer from but perhaps I will hear more this week.

I have three children, Claire Elizabeth Pinkerton, born 25 July 1952 in Maxwell Air Force Base Hospital at Montgomery, Alabama; John William Pinkerton, born 17 June 1956(Fathers Day) at the Scott Air Force Base Hospital, near Belleville, Illinois; and Carolyn Marie Pinkerton, born at the Tachikawa Air Force Base Hospital in Tachikawa, Japan, near Tokyo, on 21 September 1958.

I met my wife in South Harrow, Middlesex County, England. She is the former Sybil Elizabeth Brown and was born in Acton, Ealing, Middlesex, England. We were married on 21 October 1951 and came to Maxwell AFB, Alabama in January, 1952. Sybil was born on 20 October 1930. She has two sisters. They are both married and have children. The oldest, Audrey is married to an Englishman named Robert Tyson with a son named Paul. The youngest, Norma is married to an American of Italian extraction named Charlie Cavagnetto and has two sons.

I have two older brothers named James Elvin Pinkerton and Elmer McDill Pinkerton. James was born on 21 March 1924 in Gutherie, Oklahoma and Elmer was born on 10 February 1926 also in Guthrie, Oklahoma. Mother is the former Rowena Elizabeth Stevenson and was born in 26 May 1902, at Wellsville, Kansas of Mable Elizabeth Park and Elmer Elvin ~~Pinkxxxxxx~~ Stevenson. Father was Charles Merrill Pinkerton and was born someplace in Iowa about the year 1892. He died in September 1953 in Guthrie, Oklahoma. He was married before he met Mother and was married again after he left Mother. I do not know the names of any of the wives he had except Mother's. There are reportedly near a dozen half brothers and sisters that I have never seen. Merrill, as he always was called, had ~~xx~~ a younger brother Truman ~~Nx~~ and an older sister Florence. Truman died some years ago and Florence is still living in Kansas City, Missouri. Truman had one son, Truman Allen Pinkerton who is now someplace in Texas in an insurance company. Florence had one daughter who married an Army Lieutenant some ten years ago.

My grandfather was James McDill Pinkerton and he was married to Mollie Hathaway. He died in the early 1940's and she died in 1961. I don't know of the exact birthdates, places of death dates. Both of them lived most of their lives at 3818 South Benton St, Kansas City, Missouri. They died there. Grandfather worked for the Atchison, Topeka, & Santa Fe Railroad for over 40 years. He was a telegrapher. His oldest son, Merrill worked of and on most of his life for the Santa Fe also, but he kept changing jobs as he got bored. He continually kept coming back to the Santa Fe at different jobs from time to time. When he died, none of his relatives would come to his funeral and the Masons buried him in their Cemetary in Guthrie, Oklahoma. I don't know if he were married or single at the time of his death. Truman was in the Army during World War I and later became a district representative for the Chevrolet company with a district including Nebraska, Kansas and Missouri. With the long strikes in the 30's, he was left without a job and went to the United States Post office which he stayed with until his death in the mid 1940's from lung cancer.

There are many William Pinkertons in our ancestry and we think William Allen Pinkerton is one of our ancestors.

My wife and children are presently living in Rialto, California where I am permanently stationed. I am on temporary duty here at Williams AFB to install an Instrument Landing System.

Upon looking back over page 1, I find that I didn't list my vital statistics. I am William Berwyn Pinkerton, born 11 January, 1927 in Wellsville, Kansas. I, and my brothers also, went to Wellsville Grade School and went on to Wellsville High School. We did not go on to college. I joined the United States Army Air Force in 1945 as a draftee. 32 days later I was discharged. In March 1947 I re-enlisted in the USAAF which became the United States Air Force the following September. I went to San Antonio Texas to take my basic training at what was then known as SAACC Field(San Antonio Air Corps Cadet Field.). Upon completing my basic training, I was sent to Scott Field in Illinois to take radio training. I was there from the end of July 1947 until mid May 1948 when I went to Griffiss Air Force Base at Rome, New York. I stayed there until September and then the whole Depot was transferred to Burtonwood, Lancashire, England, between Liverpool and Manchester in the northwest. There we supported the Berlin Airlift by performing repair and overhaul functions for the planes from the airlift. After a short time, I was sent to Bushey Park, at Teddington near Richmond England to set up a transmitter site. After a month, I was sent to South Ruislip to Set up the new communications center for the new Air Force Headquarters in England. After a few months, I was sent to Bovingdon, England to set up a remote Transmitter site for the Headquarters. Later I returned to South Ruislip where I met my wife. Her mother was working in the Snack Bar on the base and I got to know my wife from there.

After being married a few months, we were sent to Alabama. There our first daughter was born. In January of 1953, I got orders to go to Alaska. Since I was going to a remote location where my wife couldn't go, She went home to visit her folks and I went on to Alaska. In February 1954, We went to Lowry Field in Denver for the rest of the year. In December 1954, I returned to Scott Air Force Base in Illinois, where I went to a refresher course in Radio Maintenance. After graduating, I became an instructor and stayed there until 1956 when I was sent to Japan. In Japan, I was sent to many of the Pacific Islands to install communications and navigational aids for the Air Force. In May of 1959, We went to Guam for a year and then came back to Norton AFB, San Bernardino California. There also, I was to travel around installing communications and navigational aids. In December 1960, I went to Keesler AFB, Biloxi Mississippi to return to shcool. The school that had been in Illinois had moved to Miss. in 1958. In October 1961, I returned to Norton. In May of 1962, I was sent to Williams AFB, Arizona for 30 days to install the ILS. Due to lack of parts and supplies, the 30 days has become 60 and most likely will become 75 and maybe 90.

I have some more complete records in California, but here I have to depend on my memory for the facts of my genealogy. My address in California is 213 West Etiwanda Avenue, Rialto, California. Thank you for the information that you sent me. I am sending a copy of it to my Mother in Kansas to see if she knows more about it than I do. Her address is Mrs Rowena Pinkerton, 106 Walnut Street, Wellsville, Kansas.

Could you send me the Addresses of any and all of the Pinkertons or relatives that might have any clues to the genealogies? Including Dovie Haws?

Thank You again.

Sincerely,

William B. Pinkerton

Dear Anna,

Surely glad to hear from you again. Thanks so much for sending the letters I enjoyed them lots. Honestly, I can't imagine what I would have done, had I not had this family to work with. However, I been seeing lots, which is very natural, under the conditions, I'm told. I've made and quilted two baby quilts, and quilted three quilt tops I had helped it married, also made two tops for mother.

I wish I was able to go ahead with my work at school. I only have 18 hours, but during the summer I mean to take 3 hours of Eng. by correspondence. My sister goes to Baylor Med. next year, she plans to attend both summer terms. Just what is your work? Aunt Maggie told me, but only that you taught. I meant to be a teacher — in a school — but have change the kind of teaching slightly? Ha.

Please pardon the pencil, but I loan my pen to Frances, and while she's at school I am without. I bet Aunt Maggie must be ill, as we've written her several times, but had no answer. She must be rather sick.

I haven't heard from Mrs. Green, other than a card saying she had written to her relatives for information, and would answer as soon as they had sent their "knowledge."

I believe I'll write Mrs. Finley P. to ask about the Mc Carnicks, and Sauer lines. It would be interesting to work on them together, as it is so slow anyway I surely was thrilled to get in touch with Rebecca P. Hughey's line. Mrs. Green, I believe, will prove to be a big help, she is the wife of a Meth. Minister, in San Angelo. That was the result of the letter I wrote to the minister of the Pres. Church at Russellville, Ark.

I'll write to you again as soon as I get any additional material, and I thank you so much for typing the line for me, it was exactly as I wanted it, I like to have it in form as it is more convenient. Write when you have time.

Sincerely,
Lucille

Dear Miss Pinkerton.

You doubtless have thought that I had forgotten my promise to send you the copy of the Pinkerton family tree. I had thought when my daughter Elisabeth came home from her vacation last week that I could get her to type a copy for you which would be much easier read than my handwriting.

She was here for just a few hours and brought a few guests besides, so I did not mention the article to her.

I am hoping you will be here again soon and we will at that time have enough time to make some sort of chart by which to work out each generation which has followed James Pinkerton.

I will always be very happy to cooperate with the other members of the class.

Our particular branch, which comes through Wm Pinkerton who married Susanna

Gaul McCormack, know very little about the other Pinkertons. Wm Pinkerton died rather early in life and his wife and four small children came to Randolph Co. where she died in 1850. The children of this couple were Benjamin, Susan James, and John. Benj. married Fidelia Eiker and they soon left this country for Syria where he was engaged in missionary work until his death. There just was no one to talk about the Pinkertons. The three Pinkerton children were raised in Dr. Marshalls home and Wm the youngest in the home of Mr. Emily R. Crothers.

I will be so glad to hear from you or help in any way I can.

Yours very truly

Mrs. Emily C. Pinkerton

PLUMBING - HEATING - PIPING

RIFLE, COLORADO

Feb. 26, 1952

Dear Anna,

It has been so long since I heard from you, and I think of you often. With the four children, helping my husband here at the shop, and keeping house - after a fashion- I have not done but very little letter writing. I sometimes get ashamed at the way I neglect writing to Mother, and also she keeps my 11 years old boy. He doesn't do well in school here, and she is so lonely.

For Christmas I got this nice new Smith-Corona typewriter, so I immediately started doing some work on the family records. I have done a good deal, and have been encouraged, so am boosted right at the present time.

I went to Mothers about a month ago, and there had just come a letter addressed to me - maiden name - from a daughter of a woman I had written ages ago. Must have been around '36. She is married now, and is interested in working up her D. A. R. papers if she can, and wanted to know if I could help her. She is of the Pickens Pinkerton line, so it will have to be thro' the Gault line.

My husband went to Wichita Kansas this morning. Oh, how I did want to go, but I have an appointment for tomorrow with the Rifle dentist for Everett. Dentists are so busy and independent that I just didn't dare miss it. His teeth are terrible, he had been ill so much.

Yesterday the report was that it got down to 20 degrees below zero, the radio announced 8 below at 7:30 yesterday morning. I haven't heard this morning, but it was really cold. It has been a very odd winter, rain in Jan. and all year such wet snow. Several buildings have fallen in, and roofs leaked. The deer have always come down, but this year even the Elk have come down.

A week ago last Sat. I went to Snowmass with my husband to make a delivery, and on the way back we stopped for deer crossing the road. They were in single file, so I counted - 74, and such pretty things. They leaped a fence, crossed the road, and jumped another fence - going to the river for water. Each one jumped just the same height and landed in the same spot on both fences, it was so interesting, and they are so graceful.

Anna, I don't have a date on any of your line. I would like to ask you to send a complete outline of your family with dates. I am sure there has been several marriages, births and deaths that I do not have. Also could you write a narrative of your family history? It would be interesting to hand down with the records. This is a big order, and hope you will. Also let me hear from you.

Love, Lucille

Dear Sisters:-

Carl and some of the help went to Ramona last night to a Nutrena Feed Poultry program and John and some of the rest went to Dewey to the same thing. L was supposed to go too but I decided to t take the evening off. Mary is over "baby sitting" with Marie and David. Marie is still afraid to stay by herself and we either have to go over there or she come to our home when John is out which is not very often.

This little visit with you girls is in duplicate as most any thing I have to say might be of some interest to you all.

First, I want to say that I received from Dove the deed given us by John & Mary Bell and have sent on to Walter asking him to go to Pinckneyville and try and have it recorded, and enclsed a check to cover his expenses. I dont know just what has been done at the court house since Mary sold the place and we may be to late but its worth the effort.

Last year,1948, was nicest we have had since we came to Oklahoma - plenty of rain in July and August and didnt get very hot. However the year started off just the opposite - lots of snow, sleet and cold weather up until a few weeks ago. The last few days looks and feels like spring - the trees are getting their leaves and the grass is beginning to get green. I'm not making any vegetable garden this year but have put out lots of flowers and with the shrubs and big yard I have plenty to. We are selling lots of vegetable and flower plants also the seeds and I suppose the plants will run from 75.00 to $100. a day. Feed sales are not quite up to what we expected but the hardware is over and any way there is more profit in the latter.

When we left for Florida in the middle of February it had sleeted all night and we started Monday morning in about 3 in. of it for almost 120 miles. Then we drove in rain a good deal of the rest of the way. However it was nice in St. Petersburg and we enjoyed the visit with the Campbells and that fine summer resort. Dont think I would like to live there as there seems to be to many old people for me just yet. But I'll catch up if they give me time. Mrs. Campbell is 88 and as spry as a 40 year old - went every place we did. Most of their friends have either died or not going there any more so it is pretty lonesome for them and I doubt if they go back another year.

Understand K. S. Adams, Pres. Phillips Petro. Co., have bot a winter home in Phoenix. Was talking to him the other day but didnt get around to ask him how he liked it.

Our preacherand Mrs Spivey have a baby girl this morning.

John was baptisted and joined our church last Thursday night. 114 came into the church that night so he wasnt alone. Johns folk are Baptists. Then on Easter John and Marie had David baptized along with 20 other kids all of whom acted better than their parents. We were real proud of David and acted and looked so nice that day. Walter and Izola had given him a hand made suit for the occasion. It was really a beautiful sight to see all those young couples up there with their youngsters.

David is growing like a bad weed and cut his first tooth yesterday. They all think and say that I'm just crazy about him but ofcourse I'm not. I dont suppose there is a day passes but what we are over there or they are over at our home. And I would be surprised that we average one meal a day together. Ofcourse Les & Liz is in on lots of these meets. Its little different with them as Liz's folk live here and they are out there quite a little and then we have to baby sit pretty often. Hope you all enjoyed the pictures.

The Tylers accross the street are throwing a big party tomorrow night out at their ranch. Mr. Tyler is president of a Bartlesville Bank and also one in Dewey. And owns lots of land as well as the Dewey Portland Cement Co. We wont feel much like working Saturday. Then Saturday afternoon we are going with Dr. Webers, our neighbors on the south of us, to Rogers, Ark. - it is very pretty over ther this time of the year. Will come back Sunday evening.

Am certainly glad that Barton is still holding his own and with spring coming on he will probably be better than ever by fall, at least I hope so. Dove I dont know what I would do if I had as many grand children as you have - its sure a great pleasure isnt it.
J

Kindly excuse these many mistakes - I seldom ever use the typewriter any more and I think faster than my hunt and punch system.

Lots of love to you all, your bro.,

Had a good letter from Margarett & Jean not long ago. Seems like they were getting along ok.

Give me the name and address of the crippled boy we met in next town - want to send him a card.

Dear Cousin Anna:

I certainly was surprised to hear from any one in Arizona but was pleasantly surprised to receive your nice letter and it did make me feel that maybe I have some people somewhere in this land. I have been west since I was a little girl and have never made a trip East and have felt that I didn't have any people. Owing to the circumstances of my birth, through no fault of mine, I have felt that I was an outsider. Aunt Lou and Aunt Mary Robinson always wrote to me and they kept me in touch as to the members of both of the families. Aunt Mary has been dead for some years and I haven't heard from Aunt Lou for so long that I was under the impression that she also had passed away. I take it from your letter that she is still living and in Coulterville. I had a letter from Lovejoy several years ago and had thought that he would let me know something about her. I tried to write to Aunt Lou but not hearing anything I just quit and if I thought she would like to hear from me again I certainly would write to her. She visited out her after I married. I hear once in a while from Marie Renwick Cain, in Idaville, Indiana. While Dovie Pinkerton lived I would hear her talk about the family and I knew them all by name. She has been dead twenty three years last June. All the family are gone and are buried here in Mt. Olivet, except Lucie who left instructions to be cremated and her ashes are buried in Roseville Cemetary, Los Angeles.

Frank died nine years ago and Mother eight years. She lived with me the last three years of her life. We had always promised that she should be taken back to Olathe to be buried but when she passed away my husband had been in the hospital for several weeks and was in no condition to be left so I buried her here. I feel guilty at times but it was the only thing to be done at that time.

I have been married twenty seven years and have three children and one grandchild. My oldest son, Harry Ellis, is married and lives in Pocatello, Idaho. They have a little girl, Jackquelyn, age nearly four years. My girl, Dovie Marian, will be twenty one in April and is in her fourth year at the University of Utah. She wants to be a Physical Education teacher--that is if there are any jobs. Our youngest boy, Lee Scott, will be fifteen next December. He is in his first year of High School.

I used to hear from Dove McMillan but of late I guess we both just quit writing. Dr. Jim Elliott's daughter lives in Los Angeles and she sees her once in a while. Dr. Elliott is Uncle Will Elliott's son. He married Kate Stewart of Kansas City. We call her Pearl. I don't know whether you knew them or not.

No, I have never been very interested in genealogy. I guess it is because I never cared to dig up old skeletons. My family here know nothing about it and as long as I can keep it to myself no one else is hurt. Our daughter is quite interested and if you care to you might tell me where to write for the information if she wants to do anything with it. On her father's side she is a great granddaughter of Brigham Young, and I suppose you know in this town that means a great deal. My husband is not a Mormon. His father and mother both left the church when he and his brother were very

young. Ellis' mother is still living and he has one brother so you see our family are very small.

There has been two Doctor Pinkertons here but so far as we could trace no relation. One has passed away and the other still practicing here--in fact he is our family physician. From the fact there are no other Pinkertons here we claim each other.

I would surely like to have a picture of you and if we ever get one taken here at this end I will send you one. I will tell you beforehand that I am quite heavy and in spite of all I try to do don't lose ~~xxxyxxxxxxxxxxxxx~~ many pounds. I am well and I feel that is the main thing.

You will find that the Mormons are just like any other clan, good and bad. I have some very good friends among them. Here at home they are very clannish but I don't know what they would be like away from home. I am an Episcopalean, and so are the children. Their father is nothing. He is a Mason and he thinks that is all that is necessary.

We have had this machine a good many years and is wearing out so please excuse the mistakes.

I should be very pleased to hear from you again.

Sincerely,

Bessie V. Johnson

Short sketches from the autobiography of
Millard F. Brown

He was born October 14, 1851 near Jackson, Tenn. His father at first was an overseer on nearby plantations, then when the Civil War started in 1861, his father joined the Southern army. His mother had died and the children were placed in homes among the neighbors. M. F. says his brother Will and he were together in the Northern army for some time. They helped with the horses and looked after the tents and equipment, although they were young. He never saw his sister and two other brothers again.

During the war a man by name of Brown from near Pinckneyville was down in Tenn so he offered to bring M. F. back with him to Illinois. One of the officers wanted him to come and live with his mother and sister as they were alone. They were with other relatives when he arrived so he had to find a job. He tells of wandering all over southern Illinois and Mo. When he first came north they landed at Cairo then by train to DuQuoin.

No railroad them from DuQuoin to St. Louis and no Swanwick. For a time he lived with some Craigs north of Craig Station and attended church at the Bethel church just east of Swanwick.

He mentions a teacher by name of Raylor. Then says, "Our next teacher was Mr Wilson Moore, and woe to the boy he whipped for he meant to make the boy feel it. He didn't have to whip or punish much though."

He worked for people around Chester and over in Mo and St. Louis awhile.

From Chester he came back to C'ville and harvested with Matthew McClurken awhile. From there I went to Robert McKinley for a month, from there to Mr. John Pinkerton for two months and when I was leaving there Mr Pinkerton said, "Whenevr you are out of work, come and make your home here."

I went to a Mr Brice Crawford in Flat Prairie and from there to John Henry Edmiston's for nearly a year, from there to James Munford's (would that be Martha's husband?) and from there to Hugh Kennedy for the winter. W C Kean and I worked for hom thro the winter making rails and getting out timbers for the first coal mine in C'ville.

One summer when I was working at Pinkeeton's the first Tilden Picnic was held and I helped cleam the ground for it.

The next winter Will Kean and I cleared 8 acres of land for Robert Matthews. Boarded with Mr Jas Gibson and then next winter cleared some land for J. L. McGuire and worked for him all winter.

And now back to Pinkertons for three years - that is thro the summers. The winters I spent shooting ducks for market. I was in Jacksom Co then trapping coon mink and muskrat -

He tells of a bad boil on his hand - to finish my bad luck I had mumps and Catarrhal fever which affected my hearing and ears until now you have to shout at me like a political speaker in a presidential election.

"To cap it all I got married and settled down to a civilized life. I've since lad one leg broken, both arms and several ribs broken (the last by a fall in a bathtub) left knee badly bunged up, had a real spell of flu, fell 30 ft out of a tree on a muddy hillside with no bad results. Now at the age 93-1/2 I can hobble about with the use of a cane.

Muskogee, Oklahoma,
Jany. 2 - 1935.

Dear Cousin Anna:

Was very glad to receive your recent letter and am enclosing the dates of birth and marriage which you asked for. I have no family history other than dates of birth, marriage and death recorded in a family bible. If my parents ever had any letters, papers or pictures that would be of any value in the preparation of a family tree, I suppose Dove would have them.

A year ago last May my wife and I called on cousin Dove and her family. Our visit was brief, as our time for returning to Muskogee was limited, but we enjoyed the visit very much.

Our children, as you probably know, live in Missouri; Norma at Independence, Miriam at Lamar. They came down here to help celebrate my 57th birthday last October, 22nd.

Winnie joins me in sending kindest regards and best wishes for the New Year.

Sincerely,

A. M. Millan

My dear Cousin

Your sketch of the Pinkerton family arrived and I was interested in reading it. Some of the contents I had seen in the Libraries. It seems too bad we can not connect with the James Pinkerton whose wife was a Foster. but our ancestor was an older man that is. if the dates given were correct.

I am so sorry we are not going to get any information from our 90 year old lady. I wonder if you would write your questions and they could ask her and take down her answers. She might have known who Sarah Gilmore parents were and something about James Pinkertons wife and other children. I would love to go back to South Carolina I am sure the records in the office a A. S. Sally at Columbia would help us. If was from him I got the military service of James Pinkerton. There are Gilmores listed

in the 1790 census of S.C. but I have no way of knowing which might be the father of Sarah. It would take a will to prove this.

We are making gardens now and are delighted to be about them with our furnace. I hope spring is here to stay. Most of our climbing and rambler roses were frozen and will not bloom this spring. We feel very badly about this.

Hoping the family data reaches you safely and thanking you for sending it I am as ever

Yours very truly

Dear Cousin Anna:- I am still having quite a time with the Pictures & Dates. Well to gather up the ends & get started again. Yes I have heard Dad speak of Old Bill Edminston many times. did not always Compliment him to highly! Cousin Jim could have given you enough information for a Book. am glad you gave me the information about Dove Mc. to bad she makes herself miserable about nothing? I dont blame Bessie for feeling like she had no pallis. If I am ever in Salt Lake. I will call on her:, and of course I will call on Dove. If in L.A. but will be more careful. as to what I say. you spoke of her Jokes. Grand Father had quite a stock of Jokes and I kept him pretty busy telling them one of them was. a fellow was Catching Crows in a net. he would let them loose in a room & nick them on the head with a stick to kill them. one day he made a good catch & among them was a Parrot. (he hadnt noticed the Parrot)

he started in killing the Crows. The Parrot jumped up and said "Law how he nicks us" It scared the fellow, and he said. What wrought you here? "Bad Company Sir" I think I had Grand Father tell that story every day.

I wrote the C.C. Higham Ran for information as to Great uncle Tommie Just got a reply. & wrote to Grant. P. You might offer this Gus. in texas to send him a Picture of Uncle Henry and G. Aunt Rebecca. for Identification; Ill send them to you if he answers. Sort of toll him along a little —— Maybe I will get something out of Grant. If I do will turn it over to you.

enclosed find letter from Sam McKinley Present owner of the old place. Father that he was born there but evidently not: The Old Sycamore in the Corner of the Yard. Done night know. it does not concern our tree. I could not get much out of Father as to U. Father's family. he did not like aunt Eliza. said she ruined Faith. That Faith had a good start That she would not stay with him on farm but had to go to Town to live. Father always spoke so kindly of Faith as he called him. Done years a go kept up a correspondence with Mother. as to the dates of Florence's Birth, Marriage. Son in Oakland Calif etc. we will have to talk it out when you come up?

There is one Date we lack and that is what year G. Father moved from Tenn to Ill Was under Will Burn in Tenn? I think father said 1844 But am not sure.

Dear Cousin Anna:-

The Pictures arrived in fine shape Sat. when I got the Box I just stepped across the st to a garage and Pried off the Lid Uncle Ike's Picture was on top. I haven't had such a kick out of any thing for a good while. as those old Pictures. visit them every day. Isaac looks as I remember him I think aunt Minerva has an extra frill on her hair, to what I remember her. and I was sure glad to see uncle Father's Picture I had wondered many times what he looked like. I understood from Father that he was Tall. Father used to tell so many funny little incidents, that Happened with Father. I would have recognized uncle Wills Picture. while his eyes are dimmed some with age. yet I can see that kindly glint, as of old. Dove. Ma. dates of Births, Marriages, Deaths were a find. Thanks for the copy. I Figured on it quite a lot. Grand Father was married when 19. Uncle Isaac Born when Grand father was 20 yr 7 mo 7 da old. well I told you before the Pinkertons were stickers.

I hope you dont get discouraged on the Job. for I know it will take Patience.
an old man in Roxbury knew the Pinkertons in Iran (Uncle Tommes) but the day I visited him. he couldent think of much. I will try a letter to where they used to be. Vany now.

Roseburg Ore -

Dear Friends: Recived your ever Welcome letter last Week. glad to hear from you. and Congratulate you On the fact that you have acquired a Sonin law. and hope he comes up to the Expictations of all Concerned. So there was nothing in any of your letters to cause any painful feelings on my part. as I imagine I give blow for blow with you. Whether Political or Religeous. So I guess it is about 5-0-50 with us.

You want me to tell you what I know of your ancestors. Well if I ever heard of your Grand Father Pinkertons Birth day or where he was born. or when he came to the State of Illinois, I have forgotten

and I dont know any Way of finding any Information along that line. Unless we could get it from the County records there might be a chance that the Deeds to the land that he either bought or Entred from the Government would give the Information as to when he moved to Randolph County Ills. Could not Miss Anna Pinkerton get any Information from her mother along that line? Again S. J. McKinley of Tilden might give her, or you some Information as he owns the old Homestead, and the Deeds might give some light too. I Expect if I was to go to the Cemetery where Grandpa Pinkerton was buried We Could locate his Birth day or year of his birth, if not the place of Birth.

Mrs Jane Taylor might be able to give some Information as to the Pinkerton family as her father was among the first Settlers in Randolph Co. Ills

It's more than likely I have heard Grandpa Pinkerton tell where-when he was born but if so I have forgotten. I only remember that he came from one of the Carolinas. South I believe

This Francis McMillan had Entirely Slipt from my Memory until you mentioned her whether She was a daughter of Alex McMillan by a former Marriage or not dont know All I can remember She wa a Dark haired and rather Dark Complexioned Girl. What became of her I never knew. I will write to the County Clerk at Chester Ills- as I am acquainted with the Allissons he might give some Information that would help the growth of the Tree. It is some undertaking Bill Esq. been a time since the Pinkertons saw Illinois.

first: As to my Biography Darned if I know how to spell that word I Expect your father told you about as much as I can. With the Exception that when Grandpa Pinkerton hired me it was with the understanding that there was no cuss words to be used on the place on Penalty of being discharged.

and you may be surprised that I caught your Dad in the first offense. Of course I did not give him away Ha Ha.
I was born Down whare in Tennessee in the 1851 - Oct 14 So will be 84 next Oct I was Deported from Ten about 61.2 years aftr my Mother died. A Neighbor tried to raise me but I ran off With the Union Army came to Illinois and another man tried to raise me. but I ran off Started to raise my self until your Grandpa hired me I let him finish the Job. and I sure thank him for all I am. he did a good job for the chance he had with the stuff he had to handle. he had a two man job With your Dad and I. it was a noisy place around there wat days and moons. When We took a notion to see which was the best Shot there enough lead Scattered around that old hill to start a small lead mine. We have had one 5 inch Snow in December one inch of Sleet Ice last week. Cold as low as 1 above a few days. nearly all this month dark and threatening I have not been very Well for awhile just tapering off for the finish I guess. for it Cant be long hence Cant Stay here allways you know

Ive missed 3 Sundays from Church lately take a putty long Confessional to get straitined out again

glad you are all well. although I have a letter from Florence to day Saying Nadine was trying to have a cold dont seem to be a any hard Job to catch a cold- I catch em easy but find it putty hard to get rid of them. like a Cockle Burr in a Sheeps tail.

Sorry I Cant give any usefull information for the family bible at present- but Will write the County Clerk. an S. G. McKinley and see What- they know you See the old Settlers are all gone. Isaac Pinkerton had a love affair I believe a Corothers Girl and Ben Pinkerton beat him to it- So the Cut Women out and went West an never Married mine was at Grandpa Pinkertons but once after he went West Luther lived in Coulterville as long a I knew him Married a Miss Robinson moved to Kansas and died There I dont know what he followed while in Coulterville Kind of a Jack of all trades likely. What ever I learn I will Write you M. F. B

dont think I'd want too either under the present Administration Would You?
but if Huey Long has his way (and he says he will) there will plenty for all he says there will $15,000 for every family when the money is divided right: and between him and Upton Sinclair there should be a Hot time in old town every night:
I think. Long. Farley. Sinclair. Johnson and Old Missouri's Tom Pendergast would be a fine bunch for some Zoological Garden they sure would be a drawing card for a movie Picture Show too
they would beat Babe Ruth, or the Dears— But you know, Mister Roosevelt swears by Jim Farley, and our Governor swears by Tom Pendergast. So there we are A nice Mess. beats Chicken Gizard.

Mr. J.E. Pinkerton

Dear Friend;

I will add a little more to what I Wrote you of what I have learned about the Pinkerton Corothers relations to each other.

Mr Finley Corothers Married Ben Pinkertons Sister. and Ben Pinkerton Married a Miss Eiker, after She Wooed Isaac Pinkerton down.

Mr Corothers was Married Twice one of his Wifes name Was Small. Whether She was first or 2nd wife I have not learned. as you allready know Ben Pinkerton Was a Missionary a Foreign Missionary. you may allso have heard that he had trouble with the church and was let out. after his first-Wife died. he Married an Assyrian Woman. as far as I can tell you the Corothers have all Passed away

as you can see. after reading the McKinley letter. your Grand Father Pinkerton did not Enter. or buy the old Homestead from the State or Government. it seems. that he must have been in the State Prior to ~~1840~~ 1850 when he bought the 74 Acres from Mr East. My Brotherinlaw in Carbondale might be able to tell me something along that line I will write him. of course what I am telling you may be too late. or of no value in the making up the Tree. it seems to me Mrs William Pinkerton of Courtsville might be able to give some help in the matter as for Francis McMillan. I know nothing about her only as Frankie McMillan. whether she was a Daughter of Alex McMillan by a first wife or whether a Buzzard laid her on a Stump and the Sun hatched her. I cant Say.

I listened to 2 real good Sermons yesterday one by our own U.P. Minister from 1st John. the other by a Baptist Minister his text was in Exodus. where God hardend Pharoahs Heart. the question was did God do right? the Minister Proved that he did.

How did he prove it? Well God gave Pharoah the right to do what was right or to do wrong. and he choose to do wrong. and he gives you and me the same right to do right or wrong. and it is up to you and me and every human being to choose our behavior.

I see in the Papers that away down in Tennessee they trying to repeal that Evolution law against teaching the Doctrine of Evolution in the Schools. I say if Evolution is right then the Monkey has as much Soul as we have and We will all go the Same Way. Same as old Dog Tray goes. but they Will have to give me a new Set of Brains before I Will believe in Evolution of a Tadpole, Ligard, or Monkey, to a human being. or that any kind of Soap Will Wash a Negro White.

Well the Convicted Mr Hauptmann. it sure was whale of a Job all around. Wonder that the Jury agreed.

I am afraid it is not all over yet.
I think that Hidden money Convicted him
We have a whole army of criminals
roaming around free in our country
on account of Politics.

We have a Sunshiny day to day a
rather unusual thing since last December
just freezing a little at nights.
I think I will go visiting in Southern
Ills about the first of March if able
I like to see how the good Republicans are
faring they getting rather scarce down there
as the Bad ones have gone over to the Democrats
you know that is the case nearly everywhere
Only Kansas I believe holds fairly good
oh Well will all be good when Mr Townsend
hands us old Hulks our 200 Bucks every month
Will buy anything that is for Sale. Will promise
you I won't buy any Whisky with any of mine
would you? not with Ethels Consent!
Well must close have to go and buy some grub for
lunch. Well choose which Way you will go. but be
Shure you dont be a Pharoah Love and best Wishes from

My Dear Cousin:

Well, I hardly know where to begin to explain why I haven't written before. In first place, I have a daughter whose son was sick for seven months and finally died. I made three trips up the and then was busy trying to can a lot of everything I could get a-hold of. Yes I and my son are both interested in this -

You see I was a widow with 4 children when I married Mr. Pinkerton. We were married March 12th 1894. I was born March 19 1867. Was married 1st time April 30, 1885 to Mr Joshua Chilton who died.

Mr Pinkerton died Nov 16, 1919 - we had two sons born to us. The oldest died at 15 months - born Oct 30, 1895, died Feb 11 1897. The youngest Martin Lewis Pinkerton was born April 7 1898 He is married and lives at Turkey, Texas - he married Miss Francis Keys June 6, 1921. He has two sons I can't give you thei births or ages.

Speaking of Aunt Darthula, Dovie Baker Hawes aunt was Mr Pinkerton's oldest sister - she has a son in Treson Ari Aunt Darthula visits him and she has already been down there and has gone back home with her daughter Olive Anderson - her son is Tom Smith and lived there when I last heard. He has a family and was judge there at one time - his youngest son may be there Ben Smith. He is single and I don't know what he does - insurance I think.

Sam Pinkerton I know must be dead. You write my son L. Pinkerton at Turkey, Texas. I may not see him before Xmas, if the

Cousin Anna:—
I have been listening for a letter from you for some time.
The Post Card Pictures were fine but would not have known any of you. Earl would do the Tree Blue Printing at Cost of Paper or about 5. cts sqft. or 30 c per a 3'X3' sheet.
I read quite a stamp article a few days ago. There is some old stamps in the cases of the old pictures just take a pen knife and lift the Picture out and you will find them I think your Grandmother's & my Father's. Maybe the stamps will be valuable enough to Bild the tree. (I expect not)

Dear Cousin:

Some of the folks sent a letter that they got from you, to me and I thought I would write and tell that Florence Hukel, has, or did have, an old record of the older generation of the family. Perhaps she would have some information that you would want. If you wish to see, you can write her at Littlefield, Texas.

My father's name was

andrew Milburn and his father was also Andrew. I have never known very much about the family history but it might be those records would help you.

HE AIDS CRIPPLED CHILDREN

Gus Pinkerton, well known Tyler business man, who has made it his special work during the last two years to aid Smith county crippled children, is pictured here with young Mary Frances Hitt, daughter of Mr. and Mrs. Frank Hitt of Swan, who through this means received braces. Mary Frances will return to a Dallas hospital in the summer for an operation.

Mr. Pinkerton has been able to arrange for treatment of crippled children through funds furnished by the Rotary club, the Roosevelt Crippled Children's ball and the crippled children's division of the state department of education.

Mr. Pinkerton says there are between two and three hundred crippled children in Smith county and that during the past two years between 45 and 55 have been benefitted. The other day he arranged for a wheel chair for one little girl. On Wednesday he took two crippled tots to Dallas for treatment and examination. His constant efforts in this line are his greatest pleasure; he says the only sad thing about it is when one finds a case for which medical science can do nothing.

At the present time, Mr. Pinkerton says there are ample funds available for carrying on this work and if any one has a crippled child in the family or knows of such a case in Smith county, either white or black, if he will get in touch with Mr. Pinkerton, the child will be given attention. This applies to those who have harelip, and cleft palate deformities as well as crippled arms or legs.

Our Curious Times

By CHAUNCEY C.

Once I saw George Arliss turn in a beautiful work of art in a movie skit entitled, "The Man Who Played God."

Recently I've had cause to think of Mr. Arliss and his wonderful play again.

Henry Bell started this thing. He got me in a spot. He gazed at me from over the top of his immaculate desk one morning and told me about the most stirring story I've ever heard in this fretful, fitful alley that we call Life.

He told me about Gus Pinkerton, who for some years has played a beautiful [illegible]

For the past several days I've been thinking about that story and wanted to do something about it. But I've been so terribly awed I never could get worked up to the point of actually performing.

In the first place, bankers have always awed me. Their immaculate desks give me an inferiority complex at the outset. And when one man talks to me about another man the way Henry Bell described Gus Pinkerton—well, it just leaves my head swimming.

* * *

Of course, I know there are such people, but if you ask me why, I can't tell you much. I just know it—like I know, dear Virginia, that there is a Santa Claus—like I know there are fairies, angels, dividends, pay days, democratic votes, and answer to prayer.

But for a simple country boy like me to try to tell you about the Gus Pinkerton that Henry Bell described—well, you can have no idea of how much I have shrunk from the thought.

For I've never done anything of importance in this life. I've never helped anybody. I've gone selfishly along with my own troubles and worries. I whined like the dickens at what happened to me in 1929, and would have gone on whining without limit if my friends hadn't got disgusted and told me to shut up, that they had known something of trouble, too.

* * *

As Henry Bell talked to me about Gus Pinkerton and that fine chair the Rotary Club gave him a short time ago, my mind went back to an experience of several years ago. I was a member of a certain committee of a certain civic club, delegated to inquire into certain people's troubles and to make rec-

INVENTORS AID PARK VISITORS

New Devices To Attract Amusement Park Visitors Being Tested

Chicago, Dec. 23 (U.P.)—Thrill seekers would cease their quest for thrills if they had peeked into the convention of the National Association of Amusement Parks, Pools and Beaches, held in Chicago.

Some 800 members of this body met to analyze this strange passion for thrills, which seems to characterize the human being, and to extract from it new ideas for appeasing thrill seekers.

Most thrill-jaded people, tired of the conventional carousels, merry-go-rounds and roller coasters, will welcome such new inventions as a gadget which will lift a person 200 feet in the air on a dangling seat of a controlled parachute—and let go. Then there is the new Loop-a-Plane, a large diabolic looking basket, which instead of going parallel to the ground like a merry-go-round, will go at right angles. And a Blanc Shooter, which swings around in large circles at high speeds with a rudder-fin which can control the direction.

These are only some of the new thrill rides which, it is hoped, will attract new throngs of customers to the amusement parks next summer.

Our Curious Times

By CHAUNCEY SPEER

Once I saw George Arliss turn in a beautiful work of art in a movie skit entitled, "The Man Who Played God."

Recently I've had cause to think of Mr. Arliss and his wonderful play again.

Henry Bell started this thing. He got me in a spot. He gazed at me from over the top of his immaculate desk one morning and told me about the most stirring story I've ever heard in this fretful, fitful valley that we call Life.

He told me about Gus Pinkerton, who for some years has played a beautiful role in some of this life's noted tragedies.

For the past several days I've been thinking about that story and wanted to do something about it. But I've been so terribly awed I never could get worked up to the point of actually performing.

In the first place, bankers have always awed me. Their immaculate desks give me an inferiority complex at the outset. And when one man talks to me about another man the way Henry Bell described Gus Pinkerton—well, it just leaves my head swimming.

• • •

Of course, I know there are such people, but if you ask me why, I can't tell you much. I just know it—like I know, dear Virginia, that there is a Santa Claus—like I know there are fairies, angels, dividends, pay days, democratic votes, and answer to prayer.

But for a simple country boy like me to try to tell you about the Gus Pinkerton that Henry Bell described—well, you can have no idea of how much I have shrunk from the thought.

For I've never done anything of importance in this life. I've never helped anybody. I've gone selfishly along with my own troubles and worries. I whined like the dickens at what happened to me in 1929, and would have gone on whining without limit if my friends hadn't got disgusted and told me to shut up, that they had known something of trouble, too.

• • •

As Henry Bell talked to me about Gus Pinkerton and that fine chair the Rotary Club gave him a short time ago, my mind went back to an experience of several years ago. I was a member of a certain committee of a certain civic club, delegated to inquire into certain people's troubles and to make recommendations about how to relieve said troubles.

I never have been able to figure out what business I had on that committee, for certainly nobody could possibly know less about the business of helping others.

But I remember a certain faded, hollow-cheeked woman—a woman who spoke in a low tone as she pieced together the tragedies and defeats of her life. There were two poorly clad children groping at her skirt.

There was a certain young man on that committee with me. When we left this lady that young man spoke out, as young men have a habit of doing, and was most sneering about this woman. He didn't believe in trying to help such people. They were responsible for their own troubles. Let them get out the best way they could.

• • •

I didn't answer him. Didn't know how to answer him, for I never have done anything for anybody. But somehow there was an answer in my heart, and it went something like this:

"I don't know the difficulties this woman has faced. I don't know what storms have assailed this woman's soul. I only know that once there was someone who loved her and believed in her and hoped in her. I only know that twice she went down in the valley of the shadow to bring a man child into the world. Maybe she has fought back against fate with much more bravery and courage than I have shown the battles of life.

"Certainly she deserves something better than this—deserves more, no doubt, than I do."

• • •

So I thought of this woman as Mr. Henry Bell told me about the modest, lovable, great-hearted Mr. Pinkerton.

Now, I know there are lots of fine, sweet people in this world, for if there weren't, I would never have gone far in this stumbling business of life, as I've had to lean very heavily upon my friends and their prayers—and their patience.

Mr. Pinkerton doesn't know it, of course, but I'm one of the cripples that he has been helping. Not crippled, of course, like some of our pitiful unfortunate maimed, but crippled in the spirit and the soul, and through knowing such people as Mr. Pinkerton I have been able to climb over many big bumps in life that otherwise would have been too much for me.

• • •

Mr. Pinkerton, as I understand it, is a sort of one-man rescue mission. He studies the business of helping people as you and I study hobbies we love—like football scores, postage stamps, golf club and such.

Henry Bell showed me some photographs that Gus Pinkerton had collected. They were photos that you don't like to see. You hate to think that anyone in this fine race that we call mankind should be so shockingly marred, disfigured. There was a boy with a face that resembled nothing that you and I have known in human shape.

"It would shock me," said Mr. Bell, "even to have to gaze at that poor chap's distorted countenance.

"But Mr. Pinkerton not only gazed at it; he studied it; he planned what he would do about it, and he took that boy to an expert in plastic surgery—against his will.

He took him in his own car to a specialist, sat in the reception room, waiting his turn, just as though that surgeon meant something to his life and happiness.

"Yes, the boy was so badly cheated in this business of life that he distrusted all human beings. It is a tribute to Mr. Pinkerton's character to say that he won the boy's confidence; in doing so, he reclaimed a life that otherwise would have been a sore spot on the face of human society."

• • •

I've never talked to Mr. Pinkerton on this subject. I don't know when he started in the business of helping other people. I only know what they tell me; that he has done remarkably well with the Rotary club's crippled - children program that they set aside much extra money for him to use.

They tell me that he not only knows what to do with these unfortunates, but he also can make money stretch farther than Indian rubber.

"When you give to some organizations," said Mr. Bell, "you understand that much of this money, of course, has to go for administrative purposes, not to direct relief, even among very good, worthy causes.

"But if you let Mr. Pinkerton get his hands on a few hundred dollars he makes that money do thousands of dollars worth of good. It isn't altogether because of his shrewdness; much of it is due to his personality.

"That man is so full of the spirit of helping others that he seems to impart this spirit to others. He makes a great surgeon feel that he owes it to somebody to do something for one of these youngsters and put him where he belongs, among useful creatures.

"Mr. Pinkerton uses his own car. He buys his own gas. He travels about the countryside to dig out these unfortunate youngsters. He neglected his business for that work. He has made human uplift his main object in life. He hunts for people to help with more intensity than most merchants look for business."

• • •

I never was much on figures. In a vest pocket I've been carrying a few little figures I jotted down. These figures tell me that in the past couple of years, Mr. Pinkerton has made it possible for about 34 crippled children to be given expert attention, 25 of these youngsters being helped by Rotary funds and nine by money raised at the president's ball.

They tell me Mr. Pinkerton is very modest. They say he will get all flustered at any suggestion that he is a fine man. He never could understand why everybody made such a fuss about him when the Rotary club gave him that chair.

• • •

I'm glad to know that. Because Mr. Pinkerton has no idea of how flustered I am at the very thought of trying to describe a man who has played the role of God in a series of great dramas of life.

WELL-KNOWN BO...

Tyler and East Texas, long famous for hospitality and good food, especially at this season of family feasts and open house affairs, boast some really excellent cooks of old time dishes.

In the "Club Woman's Cook Book," compiled by the late Mary Davenport Bonner of Tyler, while at Chautauqua Woman's club in New York for many years, are to be found Christmas recipes by numerous Tylerites along with those of some of the most prominent women of the nation.

The book is widely used, and it is probable that more than one housewife in far distant sections of the country has enjoyed thoughts of Tyler's cooking in her perusal of the recipes.

Here are some pertaining to Christmas:

The author herself, whose table was widely famous at this season of the year, tells how she would prepare turkeys. Take a dressed turkey weighing 10 to 12 pounds. Wash and wipe dry; rub with salt and butter. Making a dressing of six cups stale bread crumbs, one-half cup melted butter, two teaspoons salt, one-half teaspoon pepper, dash red pepper, one pint of oysters drained from liquor. Fill inside of turkey with this and sew up with needle and thread. Put turkey in baking plan and add one cup of water; cook on one side and then the other. Last half hour turn on back. Keep one quart of milk warm for basting, and baste well every few minutes. Prepare liver, heart and gizzard; wash and soak several minutes in salt water. Cover with water and cook slowly till tender. Take one tablespoon flour, rubbed into half cup of water; mix with one cup of stock taken from roasting pan; add to this the chopped giblets and salt. This makes a thick gravy. Bake turkey until thoroughly tender.

Mrs. Earle B. Mayfield tells how to cook wild duck. Cut ducks open down the back; add one onion, and smother in just enough water to keep from burning. When done and still very hot, draw off gravy from pan and keep it hot in sauce pan.

...dience will be maintained. The Pope does not grant audiences on Christmas Day. In following days, the Pontiff will receive members of the diplomatic crops accredited to the Holy See, in observation of the passing of another year.

INVENTORS AID PARK VISITORS

New Devices To Attract Amusement Park Visitors Being Tested

Chicago, Dec. 23 (U.P.)—Thrill seekers would cease their quest for thrills if they had peeked into the convention of the National Association of Amusement Parks, Pools and Beaches, held in Chicago.

Some 800 members of this body met to analyze this strange passion for thrills, which seems to characterize the human being, and to extract from it new ideas for appeasing thrill seekers.

Most thrill-jaded people, tired of the conventional carousels, merry-go-rounds and roller coasters, will welcome such new inventions as a gadget which will lift a person 200 feet in the air on a dangling seat of a controlled parachute—and let go. Then there is the new Loop-a-Plane, a large diabolic looking basket, which instead of going parallel to the ground like a merry-go-round, will go at right angles. And a Blanc Shooter, which swings around in large circles at high speeds with a rudder-fin which can control the direction.

These are only some of the new thrill rides which, it is hoped, will attract new throngs of customers to the amusement parks next summer.

Dear Miss Pinkerton:-

Was glad to hear from you and thanks so much for your card. I have thought of you quite often and wondered how you were and if you were still in the same place. So glad your sister is with you and hope to see you both some time soon.

I did not buy any Christmas cards this year; but planned to give the personal touch, as it were - hence the enclosed. Guess you can get enough to make use of it. It may seem odd: but it is hard to think the Christmas Juling so far ahead of time - at least the sending and giving part. The preparation starts a long time before, of course.

We are all well - except for minor ailments, such as colds etc. The boys are still in the same place - Mel, Shelly and Granville, Paris - but both cold and home sick for their families and some Arizona sunshine. The girls fixed up my apt.

while I was visiting the Kuehlers at Coolidge for a week and now they like it so well. They want to eat here some nearly every day and I seem to be busier than ever & do long for some relaxation and quiet at times. Jimmy came home yesterday for his two weeks and he also spent the Thanksgiving week end with us - and Carol Julia and I were down to see him Nov. 2nd, his birthday. I baked a Birthday Cake with "Happy Birthday - Jimmy and candles on it and Mesa View Dairy donated 2½ gals of icecream for us to take down. Carol wanted to get some and they said they would donate it for me - so the little ones had quite a party on the lawn with Jimmy as host.

Have not heard from Mrs McKinley but the last I heard - Margaret had a cold; but was out of the Hospital and down at her sisters in San Diego. I am anxious to hear. Do hope you both keep well and have a pleasant winter together -

Love and best wishes -

Dear Ann Pinkerton, —

As your verse says the memories of long time friends, the things we have done together come up especially at Christmas and while in a way they make you a bit sad that it is all in the past, still one feels so grateful that one does have those memories of happy experiences and of grand people you have known. As things are now one of the nicest things about Christmas is the memories called up by notes from those we hear from perhaps only at Christmas.

I had wondered if your sister were with you and am so glad to know that she is. I rather envy you.

There are so many things one cannot get now or when you can get it the quality is so poor, that I was rather surprised to see the same fine work in the Christmas "Arizona Highways" Those pictures with the article "Arizona Beauty" are just perfect and I'm delighted to have them to look at again and again, as well as to let one or two flower friends see them too. Much else in the magazine interests me, too.

I may have written you about my surprise just three years ago in learning that there is a hardy Opuntia that will live here and in fact is found in all but two of the United States. Mine looks a little like the O. engelmannii, I think, but it isn't that kind. Isn't that Monvillea picture grand.

After my spree of a hotel Thanksgiving dinner I was content to have a quiet day and an ordinary dinner just with my doggie here at home as usual. Our little post office is open for the noon mail even on holidays so it made the day a happy one when I got quite a big box full of numerous packages, each gaily wrapped and it was, of course, great fun guessing what might be in them. How my father would have enjoyed the guessing with me. It was mostly eats - not to be despised these days. I got a great kick out of the box and yet, in a way, didn't feel like accepting so much from this girl to whom I had sent only a card. You know I am out of all E.E. Round Robins now but she was in the last group. I was in my last group. A year ago she sent me some sugar because I had complained that I simply

couldn't keep any supply on hand, though I don't do much cooking and she remembered that and put in a package this year.

Some trick they pulled on us cancelling all those "good indefinitely" stamps. I lost quite a few both red and blue stamps. Since the hurricane I've been going slow but I had been hoping to have one more small roast some day when the stores supply. my points and the pocket book all fitted with each other. Poor roast - it will be some days yet before I get it. I always use the sugar stamp as soon as it is available so didn't lose that. Of course if it really means that the forces get more it won't hurt me one bit to go without — probably be a good thing. Discouraging isn't it to have the divided people in Italy, Greece, China and Poland.

You must be seeing more of it all than I who am dependent on the papers and magazines mostly. One can only hope for the settling of the war and a development in the different countries of a stronger moral sense than let all this happen.

I shall hope to hear something of how things look to you from the contacts you are having. I suppose you are very busy and not much time for letters but I'm hoping.

Again, thanks for the lovely magazine which gives me much pleasure.

May 1945 be good to you.

Lovingly,

Dear Anna:

I was glad to receive your letter and know that must have had a nice summer even if it was hot. Harry is still in Washington and he said that it was pretty hot there. They live eight miles out and it seemed to be cooler there. I sent him a copy ofthe geneology and now he comes back asking some questions. I have to smile when I think of telling you that I had never been interested in these things, now both he and Dovie, are wanting information. I have never yet found out where Father enlisted. I wrote Aunt Lou but have never received a reply. I suppose she wouldn't remember anyway. I did think Charlie might answer, but if he is anything like Ellis, he wouldn't write.

I haven't got this just straight. Who were Father's,(Luther) brothers and sisters? Do you know whether the brothers fought in the war? My recollection from some where that some of them fought on the South? One of the women from the G.A.R. called me sometime ago to get some information and I looked at what papers were left among mothers' but couldn't find anything about it. Now Harry comes along and wants toknow the same things. Some of these days I will get busy and put all the information together so the children can have it, as long as they are interested. On their father's side, of course they will have a long line too. The Mormons are great on geneology. In fact they make quite a business of it. Dovie has information quite a ways back but she hasn't compiled it as yet.

We are having some cold weather. Some snow on the ground but most of it has melted. We are well. Dovie is in Payson,Utah, teaching English and Physical Education. You know as I write this letter I have a feeling that I haven't written this all to you before. If I have just say,"She has forgotten". I let my correspondence get behind and I have been trying to get caught up so I don't know just where I am at. With two children gone away I write to them and have been letting others go.

I am always glad to hear from you and will try and write oftener.

With love,

Bessie.

Dear Anna.

Have not heard from you since Christmas, but know you must be busy. I've gathered a lot of material lately, but it is so incomplete I shall not send it just yet, as Mrs. Green on the Rebecca line wrote me she was hunting up several relatives, and when they answered she could send me enough to help me lots.

I'm sending the clippings you sent me. Thanks so much. I enjoyed knowing we had such a note worthy man in our family. We really have a fine family.

Also I am sending the added material I have gotten on the Pickens Caldwell line. I wish you'd make me a copy, in proper order, and then, too, I want these returned. There is no rush, hope this will add a bit to your list. There are lots of dates you'll notice, which should help.

We have had two spring sand storms, but believe we can be grateful for the wind instead of being in the flood territory. It is worse, by far, I'm sure, than we can realize.

I do hope you are well.

Sincerely,

Lucille

Dear Anna,

I just mailed you a letter this morning, but after recieving yours I'll answer it. I think it is wise to gather information as long as we seem to be progessing, and then have a book printed. Yes, I feel sure we can sell as many as 20 books. I wonder what the cost is of having pictures copied? I'd surely like to have one of John Pinkerton. I'll send you a picture of myself and I hope I can find a good one. Thanks so much for the one you sent.

This morning we had a letter from Grandmother, giving dates of her bro. and sisters. Would you care for them? Won't we have something to prize if we get a book printed, and a booklet of pictures?

I explained about Florence Hukel in my other letter, but I think I'll visit Mrs. Hukel at Litchfield soon. That is such an odd name

I feel almost sure Florence Hukel's husband and this Woman's husband must be related some way, and if so, it may help, lots.

The minister in Ark. has never answered me, but I have not given up hopes, as I sent a stamped envelope to him. I wrote to Fayetteville, Tenn. and Lexington Va. I did not know about the Fayetteville Court house having burned, and I recieved an empty envelope from the other.

James P., was born at Camden S.C., and I that his parents were the ones to have come from Ireland.

The dates I would like to have of your family are of your grandfather John. I had that he was born in Tenn. but the record you sent says S.C. Feb. 21, 1811 which state is correct, and is the date right? I have he died ~~at~~ in 1899, but would like to know the month and day and place.

We have several people named

Mc Millian in our family. Are they related? Mother's grandmother's name was Anna Eliza Mc Kelvey, daughter of Mary Mc Millian. Then Dave's name.

I have written to all our people I know to get our branch complete, but cannot get a reply. People Mother knows well, yet they pay no attention. Sometimes I feel as though I could write them some thing worse than a friendly letter.

Grandmother sent me a copy of some Mc Kelvey history. Would you care for it? There is not much, she got it at Aunt Nervie's or rather Aunt Belle did.

Does Dave Hawes have more information than you sent me? If so I'll write to her. She told me you had given her more than she had ever hoped to get. So I think perhaps you, and she had the same material.

We should get a picture of Sam. Pinkerton while he is still alive. He is the last of that family

Anna, have I told you the news that in March or April I will have a visit from the stork? We are so happy over the fact, yet it is so tiresome to wait. I have gained three pounds, and lots of people are going to be surprised, as I stay at home pretty closely. I see so many twins on the list, it makes me wonder!! Ha.

I do hope you'll have time to write soon. Certainly appreciate the record you sent, as well as the picture. We have a picture of most of James Harvey P.'s Children, and perhaps one of him. We may be able to get a good collection.

Lovingly,
Lucille

Dear cousin Anna,

I have not been at home the last week, and when I returned this evening I read your letter. I was so happy, and certainly so enthused to learn the contents.

I have been visiting a Mrs. Lynn at Bula, Texas. Her mother-in-law went to Plainview Wednesday to a church meeting, and rode back with Mr. + Mrs. Hukel. I missed the Hukels about 30 minutes. I do not know them, but we have friends in common. Bula is 20 miles from Littlefield, and Littlefield is around 50 miles from here. I shall write Mrs. Lynn to see Mrs Hukel for me, and also write Mrs. Hukel a letter, to-night. It did so thrill me to realize how close I am to these old records, and unless I get a reply in the next two weeks I shall mine up there with a typewriter, and I know I'll get some things copied of interest - if she still has it.

Anna, wouldn't it be simply wonderful to have our material printed? My friend here that rode me interest had a book, and it is

so easily, bound so nicely, too. There are pictures of the family in it. I told Mother we, you, Dana, and I, would feel we had really contributed something to our people, do you have any idea the cost of doing this? The book that was printed of the McKelvey family had to have 2 books, and perhaps it would be the same way with us.

You did not tell me whether you knew or not about James P. - 1741 - 1823 being our ancestor that came over from Ireland.

I wrote to the Pastor of the Presbyterian Church in Russellville, Ark. for some information concerning Rebecca Hughey. I have not heard, but feel sure I shall, as I sent an addressed envelope for his use to me. I surely want to do my part in helping you as you have helped me.

Yes, J.H. Pinkerton, Mother's grandfather, said Aaron P. was an infidel, he (Aaron) had given J.H. all of his books with the exception of the last one edited. Mother's Uncle Charles may have these books, now.

I am not returning the Library booklet you sent, but I'll send it soon, as I have not looked it over thoroughly. I surely thank you for sending both it and the Media booklet. I shall copy the latter soon, as I am going to rent a typewriter.

While I was away I also received

a letter from Mrs. Walter Hess. She is very prompt in answering, and she says she will locate Milton Powell for me, which I tho't very nice of her. Be nice if we three could get together at some library - something like S. A. law - and find some additional data, etc.

We bought a radio last week, a windcharger Zenith, it is surely a help to this quiet farm life -

Do you have a picture you could spare, of yourself to me? I certainly should like to have one.

I do hope you have time soon to write, but I shall not wait for an answer, if I hear any news of Mrs. Hubel, soon. I do do enjoy your letters.

Sincerely,
Lucille

bringing his father James Pinkerton the Rev. ancestor.
I am so anxious to know something about this Sarah Gilmore, her parentage. She may have an old Bible with family records. It would be very intresting to hear her I am sure.

Our D.A.R. chapter is anxious to get any birth, death, marriage, & court records prior to 1860 which can be copied from old Bibles giving Name and date of Published, which is found usually on the front page. These records are to be catalogued and kept for safe keeping in our D.A.R. Libray at Washington D.C.

I have not seen Mrs Leiper for several years. When my daughter was home we drove over there quite often, but as I have no car now I see very little of her.

I am sorry I cannot send you my information in typed form. Since an illness I had several years ago my eyesight and penmanship have suffered so please excuse it.

I thank you so much for your letter and the family information. I can

always appreciate the efforts you are making and will do all I can to aid in the family history.

We have so many Lyles here in Sparta are you related to them?

Hoping to hear from you again also to see you should you come next summer I am

Yours very sincerely
Eliza K. Pinkerton

P.S.-
James Pinkerton is listed in the first census of S.C. There are also several Gilmores listed from the same place Camden. S.C. I have often wondered if Sarah Gilmore was a daughter of either of these men, Francis or Joshua Gilmore, Camden District. York. Co. S.C. First American Census - 1790 page 32 -
If I only knew her parents name I could look in the St. Louis Libraries for further data. I surely hope Mrs Smith may help us.

I had received word, sent via diplomatic channels and knew what to expect - Do hope the matter is settled, but also to what a cost! It is the old Lenin doctrine of incitement and diversion. We are not doing much Cotton on the land.

Our young neighbors, the children who practically lived in our little house went Dem for the fourth. We had a wonderful visit. What lovely young people they are and then our two little ones are adorable - They of Course no longer live in the old Neighborhood Neither do their parents - The house tho is still vacant as they were so happy in it they do not

Dear Cousin Anna;-

Ben says to tell you that one of Brother Will's sons wrote to him some time ago for facts about the family but we have never seen any book about it. He thinks it was Will's youngest boy. We supplied what information we could but do not know whether he has completed his record. Probably Brother Will or he could give all the information you wish.

Marie, our oldest daughter, has another girl, Carol Marie; and Saada, our second daughter, has a baby boy, William Marcus, named after his grandfather Young. We have seven grandchildren

Saada and Harold and family & Margaret & her husband expect to start for China Dec. 31st.

Marie lives in Arlington, Cal. and her husband teaches Religious Education in the Government Indian School in Arlington. They have been missionaries in Porto Rico & Mexico.

I have been visiting Saada in Berkeley, Cal and have been sick since my return so have not seen Cousin Dora lately.

Ben has been very busy so asked me to answer your note.

With love from Ben and me

Dear Cousin Anna-

Another year is with us and I surely hope it will be a happy prosperous year for you. It has been so long since I wrote to you I am so ashamed of neglecting writing but as usual I am still a very busy person and each year I find myself so much slower and my neck and back have never gotten strong since our car wreck. I don't remember whether I have written to you since Walt's mother died, she passed away June 15th she lost her mind, was a terrible case I had to keep a girl to help me with my work, we just have Uncle John now. He is quite spry for a man almost 82 years old but is beginning to get childish which of course is natural, we had another quite dry season but made more last year than the three previous years. the grasshoppers have been so bad for, but we surely are hoping for a good year this year. I have'nt had much luck in getting any more of the family history as all I have written to either are'nt at all interested or too busy to answer my letters I am going to try once more to get some information from Florence Pinkerton Tukel, at San Angelo Texas Aunt Rella and Aunt Eva both say she has or should have a good many records that would help out so much. I certainly would like to get

the records of Aunt Rebecca Pinkerton Heup family if you have it about Uncle Samuel Pinkerton, he died near Tyler Texas in 1865 or 69 his wife name was Sarah, and I think mother told us there were no children she spoke of Uncle Sam real often. You know there were three brothers who went to Texas Pickens, Samuel and Andrew. Grandfather, and Aunt Sarah Acker. I will write again and see if I can find out some more about Uncle Sam, I just don't know who else to suggest writing to to find out about Uncle James Pinkerton, but maybe we will find them yet was so sorry to hear of Cousin Dove McMillan being in such poor health. Has she no family or no one to care for her, or does she have money to care for herself, seems to me it would be so much better for her to go to a home than try to stay in a hotel, you know I just have such a love for all my relatives I just wish so much I could care for them when I hear of any of them being sick or afflicted We are having a very mild winter so far had a little cold spell the last of Nov. have had no snow at all to speak of. I hope you are well and enjoying life and if it is ever at all possible I would like so much to have you come see us, and write when you can I surely won't be so negligent again. With Love and best wishes Dovie Hanes

I am sending you my Pickens & Pinkerton History and Nine cents Postage on History sent me.
According to Lucile's list of the names of our Great Grandfathers family she has no name of James or Sam.
I know there was a Great uncle James. He had two daughters one name was Mary do not remember the other ones name but both girls married brothers-Parkinson. I remember hearing my folk talk of them One of the Parkinsons was a Presbyterian Preacher.
He attended a Synod or some great affair of the Presbyterian Church at Russellville Ark. he met my aunt Sarah Pinkerton Bruton and they had a long conversation of the Pinkerton family Her daughter Florence Bruton Braden of that City wrote me of their meeting since you and Lucile started collecting data on the Pinkerton History at the time the book she said the Synod met

Dear Cousin Anna:-

Thank you very much for your interesting letter. Ruth and Harold Young were Missionaries in Bawa Village, China, for seven years and a half, were home on a furlough for 1½ yrs. and have now returned to Burma, where they are opening a new Mission. Their work has been amongst the Wild Head Hunting Was, the Lahus, Lawa and Tawa Was. Harold's father, Dr. William Marcus Young has been a Missionary there for forty years and about 35,000 converts are on the field, 4,000 one thousand of whom were Head-hunting Was.

Marie and Lawrence were Missionaries in Porto Rico and Mexico and are now teaching Religious Education in the Government (Sherman) School for Indians in Arlington, Cal. where about 700 Indians are being taught.

Cousin Belle Pinkerton was here to lunch yesterday or rather Saturday. Margaret and Don hope to join Harold and Ruth on the Mission field in Burma when the Mission gets started. Harold's brother Vincent has charge of the old Mission in Bawa now.

If there is any other information you wish, we will gladly give any in our power. With love, Yours affectionately, Ruth Ulrich Pinkerton.

Dear Coesin Anna - Yours of Nov 21 Carefully Read and reread - and to say that I was glad, would be mild; well I am rather stumped now as where to start, 1st. the Picture of great grand father. Father told me this was his grand father. That he seen him when they (Grandfather & mother and Sallie & Father, Father was 7 years old.) visited Tenn. That he remembered him. also that he (G. Grand father) visited in Ill. I understood his name to be James, according to Margaret Leiper's Geneology the name should be John. The writeing on it was entended to be my Great Grand Father. Vera I think wrote it. She may have got it Great Great - Father said their was 3 Brothers of the First Pinkertons and that they were Scotch sailors. always denied very vigurously that there was any Irish Blood. But there may not have been a very good fence between Scotland & Ireland. I have met several different families of Pinkertons they all think they originated in Scotland. So we will call his name John. Looks like a pretty decent old fellow to me. anyhow.

Grand Father was born in 1811. Feb 11th & think died in the spring of 1899. (of course these dates could be verified in the old cemetry) I understood that grand father moved to Ill in 1844. & Great. Uncle William near the same time. William died and Grandpa sent of supervised the Raising of the children John, Jim. Ben & Susan. You would understand from Jim's letter. that he owed respect to Grandfather.

Ben's first wife was Fidelia Eicher (Eiker) she was Uncle Isaac's sweetheart. She went to Cal in 1856. while he was gone Ben swiped her. When he came back father said he overheard Grandmother & Isaac talking about it. She did not think Ben done him right. and Grand mother agreed with him. Fidelia died in Egypt or Syria (See Clipping) Then Ben married an Syrian woman Ben brought her back to Ills once Father said she looked all right but he didn't go much on it. Nor did the rest of the Pinkerton's Father & mother said Ben was a wonderful Preacher & Bible scholar they said he ~~knew~~ practically knew The Bible By Heart. and a fine singer

well that is a good deal of explaining to tell you why uncle Isaac was a bachelar. Grand Father had a fair education if he did say (Pint Eand.) as I remember him he always sat up in the corner of Old Prosperity church. Bro Wilkie's right I can remember Bro Wilkie officiating at uncle Geo & aunt Sallie's wedding. and that is among my Earliest Recolections (off again) Grand Father was Justice of the Peace had his law book. they called him "Squire" Grand father took in Millard Brown (orphan Barn at Jackson Tenn.) during the war Millard still lives in St Louis. 83. he told me the last time he was here if he was anything in this world he owed it to Grand Pa. He also raised your step Bro John Hugh Armour. also Elihu for some time.

Father said old Jim Earl who lived just south of Grand father's Had always fussed about the line Between them, claimed he was giving to much lane. one day when Grand father was gone old Jim moved his fence to the middle of the lane

when he came home he went out to see East. the conversation was something like this. What are you doeing here SIR?
Squire am fencing up my land:
You are not doing any thing of the kind and you know it; Now you get that fence out of there. or I will kick your Star Spangled banner all over the Place The fence moved back the next day:
Yes. I can hear uncle Geo tell them that his life was not in the Hands of Cats.
The last time uncle visited us was 24 years ago. he was always so jolly and cheerful. But this time he was sad in the dumps. Father was sort of disgusted with him. Second day at dinner father said Geo I want to know what is the matter with you he began to laugh & cry. Said he guessed confession was good for the soul.
he Had had to wait at Ogden Utah all day. some confidence men enticed him out and robbed him. Father said for Pitys sake Geo straighten up & can let you have what money you need. No that was not what was Matter He had money sewed in his shirt that they did not get. But that

he had been warning young People all his Life of such things and then to be Caught himself; they took him out to see a fruit Plant a few blocks from the Depot just went thru his Pockets & turned him Loose. Dad went to joking him about it so he was all right.

Maybe Dove Mc. & you should have taken Grandfathers advice. you might have added som branches on the tree. of Course I wouldent call either of you "an unclaimed Blessing" for I know you both are. I mean a Blessing. am enclosing a Photo of Florence & Dove. Dave use to keep up a correspondence with Mother. you can send them back with the others. you may keep the Photo of Grand Father. at least till I call for it. you cant Blame Bessie for being a Heavy weight after looking at Florence.

Keep your Grandmothers picture. Yes Grandpa Had an Eye for good looking Ladies.

before I run out of Paper. Thanks for sending the Lyle tree. you must be related to half of Southern Ill. I notice an Ann Boyd in the line. & McKinley.

Yes I have heard Father speak of Archie Beggs. Hiram Whyte. I suppose you Remember Rev. J. C. Elliot well I will tell you one about Uncle Will and Him when I see you I had That it might be we could have our tree Blue Printed. I have seen them done That way. we could have what ever room we wanted that way. and as Many Copies as we wanted. 2 ft x 4 ft would give us ample room maybe not need so much. If you could get it shaped up just so on any kind of Paper. I think I could get it traced & Printed at a Minimum cost Doris. alice's Bert Mc's and our girls would appreciate it. The Pinkerton Memoirs would be interesting. but might cost more.

When you come to see us try and arrive Early in the Morning for if you get here in The Evening I am sure we will lose one Night of sleep.

Grand Father had 8 Brother's and 2 sisters Eleven in all. according to my Memory. William, Illinois Henry, Texas was slave Holder Had 13. Freed them ahead of Lincoln they all came back and wanted to be his slave's again

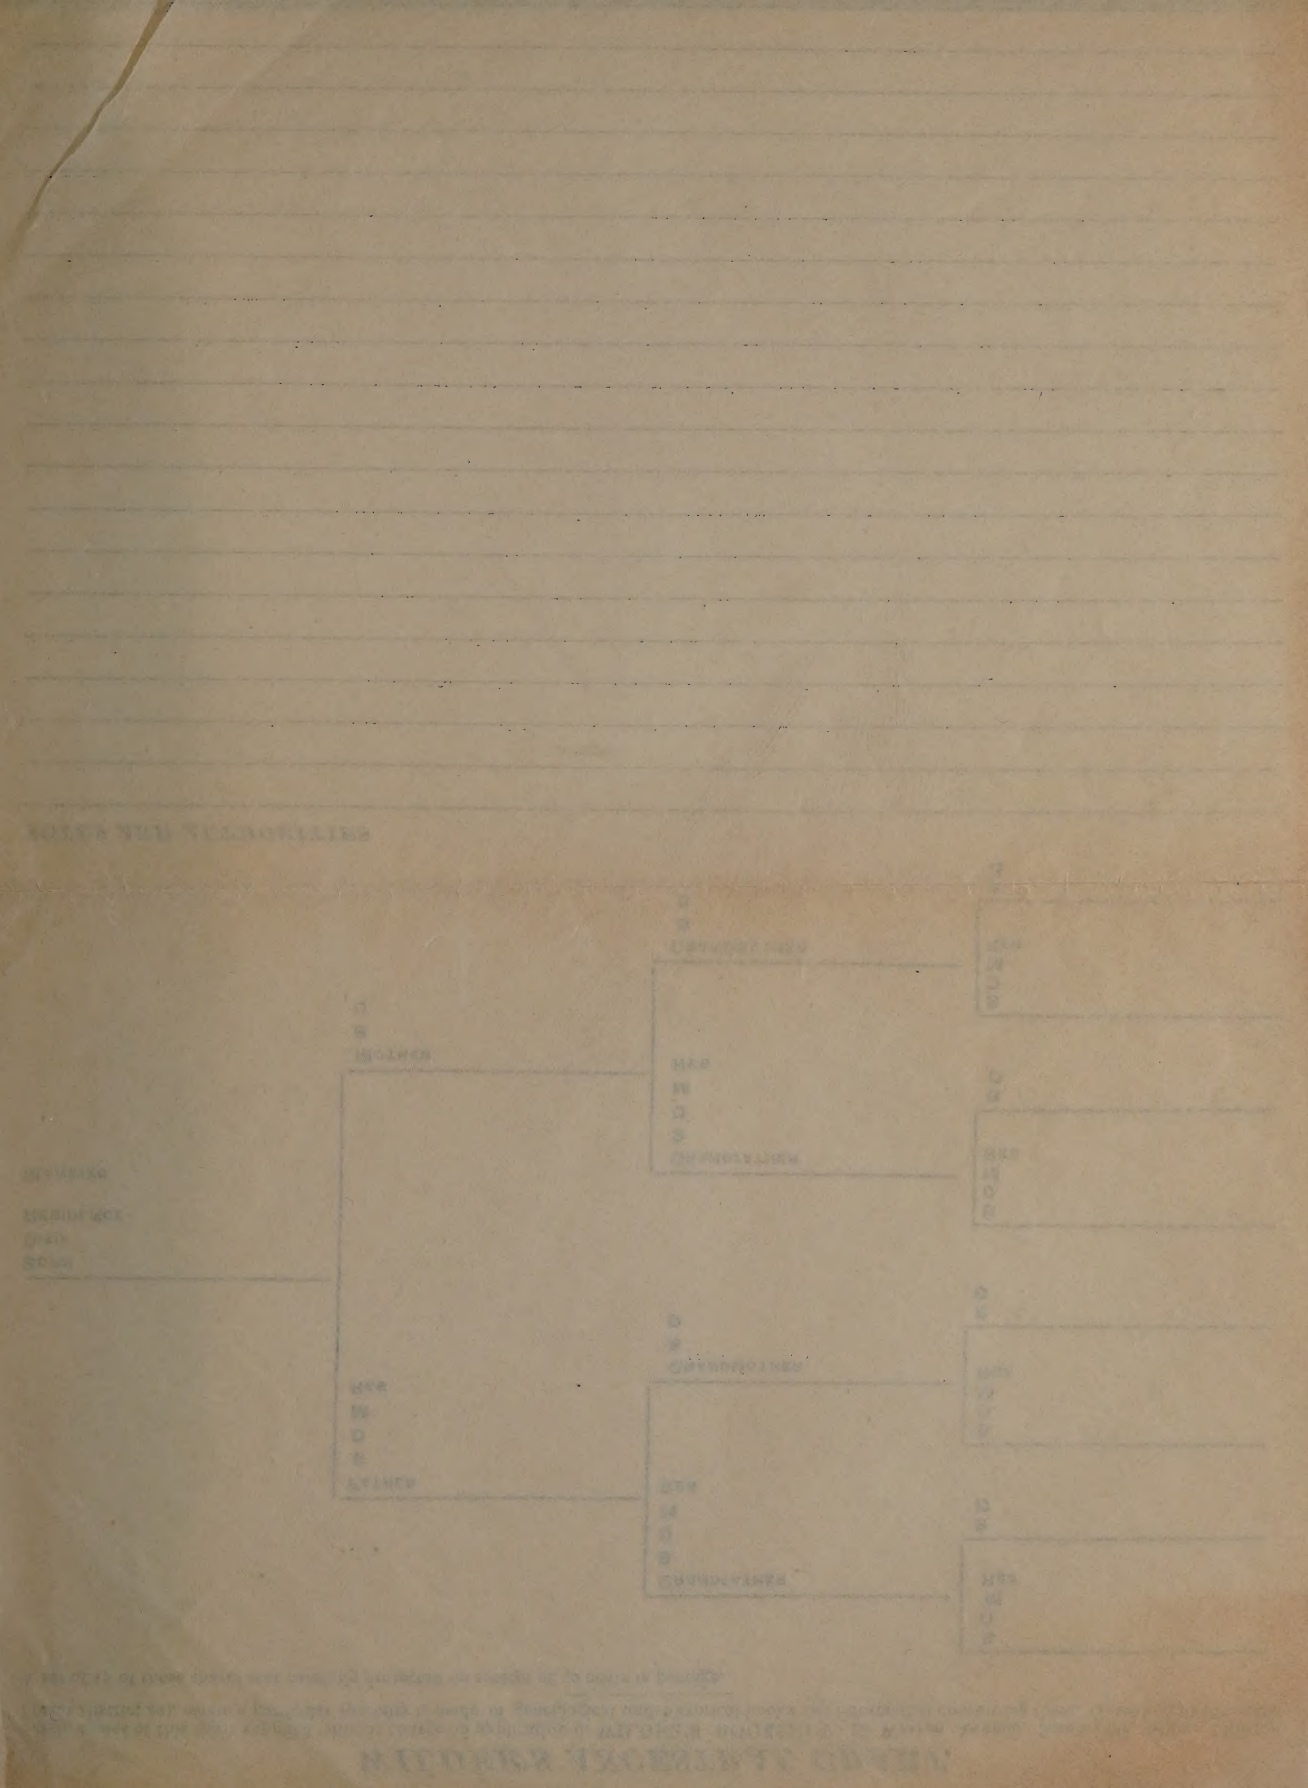
NOTES AND AUTHORITIES



The Family Tree

Scrap Book

Foreword

Every child should have a record of his family background—a source of authentic information to which he may refer as the years go by. Such information may at some time in the far distant future—when parents and other relatives are long since gone—enable him to share in some large estate, or it may simply supply the answers to many a family question that will come to his mind.

The time to compile such a record is NOW. The years slip by so fast while facts, recorded only in the fragile minds of disappearing older generations, are constantly being lost. Here is a place to record those facts before too late.

The Family Tree Scrap Book will prove of value and of interest to all ages.

Every baby should have one—all filled out against the possibility of early orphanhood.

Older children and even adults will find interesting fun in collecting and recording the necessary data for their own books, and with this in mind, instructions have been purposely worded to encourage children of school age, to fill out the blanks themselves. All through life they will be confronted with the job of filling in blank forms. Now is a good time for them to learn how it is done, while increasing their knowledge of family lore and becoming more family conscious.

Since each family has its own individual irregularities, extra lines and extra blank pages have been provided for such additional information as may be considered interesting or important. It is hoped that the persons who compile the information for this book will include interesting little comments, perhaps a family anecdote or two and by all means historic incidents in which members of the family have been involved. Thus the book will become what it should be—a humanized document to grow more and more cherished with the advancing years.

For Your Birth Certificate

Every boy and girl should have a copy of his or her birth certificate. Many occasions may arise in later life when it will be necessary to have it at hand. For a trip into a foreign country, it may be needed to secure a passport or it may prove the person's age at a critical time.

Certified copies of your birth certificate may be obtained for a nominal fee from the department of your state that records vital statistics. Send for a copy and when it arrives, paste the envelope (slit across the top) to this sheet, thus making a safe pocket in which the record can be kept through the years.

AUNTS, UNCLES AND COUSINS

ON FATHER'S BRANCH OF THE FAMILY TREE

INSTRUCTIONS: On heavy black lines, write names of your Father's sisters and brothers. On light lines below write names of their respective husbands and wives. These, of course, will be your aunts and uncles. Then in bracket opposite each set of names write names of their children who are your cousins. Choose the bracket with the number of lines to fit the family.

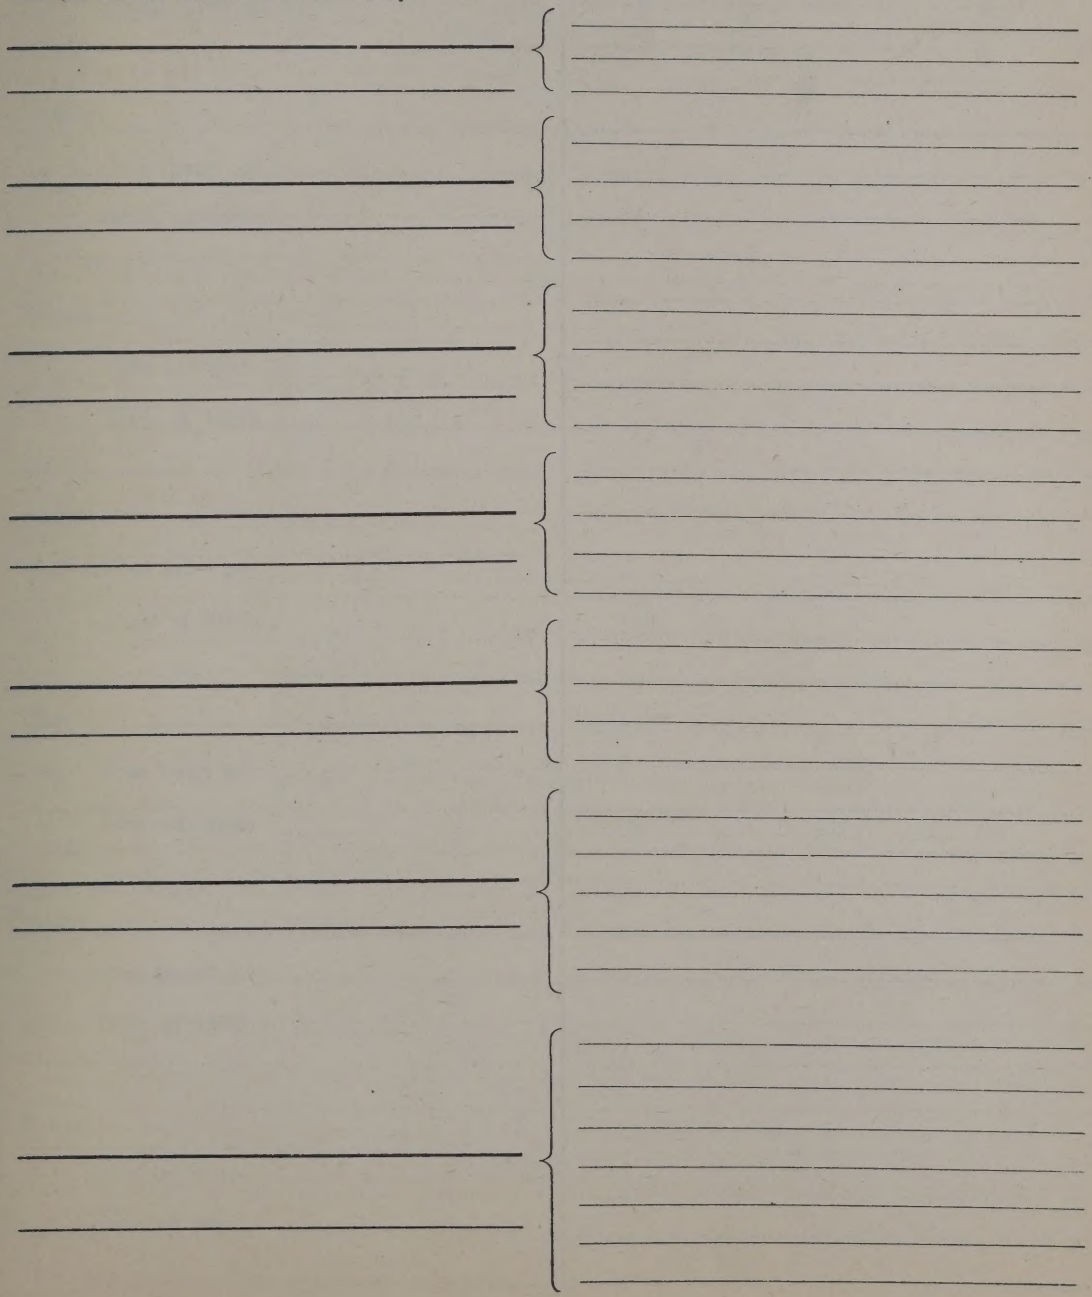
These, of course, will be your aunts and uncles. Then in bracket opposite each set of names write names of their children who are your cousins. Choose the bracket with the number of lines to fit the family.



Additional Notes

Here is a section of blank pages to be used for all the left-over data accumulated in the process of gathering the foregoing information. It is a place where newspaper clippings and additional snapshots may be pasted. It can be used too as a repository for various family documents such as discharge papers and marriage certificates. Another suggestion is to write short biographies of your great grandparents, whose names are but briefly mentioned in the preceding pages. Record the things about them that you will want to remember to tell your own children in years to come.

"The Army Helps This War's Deaf to Hear and Live Normally Again"

The Army Helps This War's Deaf to Hear and Live Normally Again

He was an artillery lieutenant, assigned to the battle for Sicily. In the absence of maintenance officers, it fell to him to repair a 155-millimeter gun. Something went wrong; the gun exploded, killing a number of men. The lieutenant lived, but when the shock subsided, he was stone deaf. With two ruptured ear drums, he was sent back to the United States.

That was last August. Last week at Deshon General Hospital near Butler, Pa., in the first extensive press inspection of its kind, this 25-year-old officer told Marguerite Clark of NEWSWEEK how the Army had helped him and other war-deafened soldiers to overcome their handicaps. Deshon, in the gently rolling Pennsylvania hills, is one of the three Army general hospitals which rehabilitate deafened soldiers. The others are Borden General at Chickasha, Okla., and Hoff General at Santa Barbara, Calif. Together, they hold the largest number of deafened persons ever to come under three roofs.

Silent World: In the last war, 1.3 per cent of our total casualties suffered hearing impairment. Then there was only one rehabilitation center for the deaf—at Cape May, N. J., where treatment for the hard-of-hearing veteran was optional. Few applied for help or wanted to bother with the cumbersome hearing devices of the period. (It was not until fifteen years ago that the modern vacuum tube set was perfected.)

In the present conflict, many thousands of young Americans will lose their hearing. The blast of explosives, head wounds, sudden swift altitude changes in combat flying, the great use of automatic weapons, all are destroying hearing in spite of preventive measures. Added victims will be the men left deaf after certain acute illnesses: meningitis, scarlet fever, sinusitis, diphtheria, and measles.

This time the Army is ready for its hard-of-hearing. While a 35 to 40 per cent loss of hearing is the threshold of deafness, any soldier who finds it difficult to understand conversation or to interpret orders must report to one of these centers immediately on arrival from overseas. Before he can go home, even for a short furlough, he must take the preliminary steps in a stiff rehabilitation program.

The plan had its origin at Walter Reed General Hospital, Washington, D. C., under the direction of Lt. Col. Marion R. Mobley and his assistant, Capt. Edward H. Truex Jr. These two men have been in charge of the work at Deshon since last November, handling 468 deaf cases. At Deshon now are 263 cases, including 40 officers.

It takes six to ten weeks for the suddenly deafened soldier to reach Deshon Hospital from the front lines. In that time, serious things can happen to him, psychologically. Unlike the blind—always the object of sympathy—the deaf man is too often the butt of jokes. To avoid embarrassment he retires within himself, bitter and bewildered.

In addition to diagnosis and prescription, therefore, the Deshon otologist must deal psychiatrically with this depression. A simple pamphlet, illustrated by Maj. Munro Leaf (creator of Ferdinand the Bull), is now being prepared by the Army for distribution to deafened soldiers before they leave the war zone. In humorous, easy-to-get cartoons, it will show the disconsolate man what the Army can and will do for him—provided he will help.

On arrival at Deshon, the deafened man is examined physically for everything "from athlete's foot to dandruff." Since for the rest of his life he will have to substitute vision, in part, for hearing, special emphasis is placed on eye tests and correction. Next he goes to the acous-

tic section for a test to determine how much hearing he has lost. A wax mold is taken of the inside of one or both ears, and from it a lucite ear piece is made to insure proper fitting and connection for his hearing aid.

All this takes about a week. Meanwhile the Red Cross has notified the deaf soldier's family of his ailment and has offered practical suggestions on how to make him feel at ease. With confidence reestablished, he goes home for a furlough before starting his two-month training period.

Reschooling: All the deafened at Deshon take lipreading lessons. For 35 half-hour sessions, twice a day, the soldier sits across the table from his teacher in one of the small, quiet, big-windowed cubicles at the hospital.

"What's that you say? Please repeat, scowled the strapping infantryman, back from Italy deafened by the explosion of a land mine 5 feet away.

Mrs. Helen Lowry, one of Deshon's 30 lip-reading teachers, repeated the statement in carefully enunciated, almost whispered words: "If you do your lip reading and if you wear your instrument, you can do almost anything anyone else does. You don't have to lose out on anything." The soldier got the idea and with it went a big, hopeful grin.

Straight conversation with one person isn't all of the training. By motion pictures, the men are taught how lip reading can enable them to cope with any of life's situations, from shopping in a grocery store to sitting down to dinner with the family.

Radio Ears: Even when the ear drums are cracked, use of a modern hearing device will often enable the deaf man to hear. This transmits vibrations through the bone of the ear to the intact acoustic nerve, which is then able to recognize the sound. When this nerve is destroyed, as in deafness caused by epidemic meningitis, no artificial device is effective. The deaf men must resort to lip reading.

But different degrees of deafness and different patients react to different types of instruments. Instead of sending any ear device to any soldier, the Army now tries to establish scientifically just which device best fits the individual.

For this it has devised a new testing method. Seated alone in a soundproof room a man listens through a series of hearing aids while from an adjoining room, an auricular physicist speaks to him through an amplifier. So long as the scientist's voice is elevated, the GI can hear well and he responds accurately. When the voice is lowered, he may have to guess. Finally he can no longer hear. Choice of the hearing aid depends on which best enables him to respond.

The ordinary hearing instrument costs the government about $150, with an extra cost of $3 to $4 a month to maintain the 45-volt battery. But some soldiers, like a frail little veteran of Italy whose ear drums were split when he was blasted out of three slit trenches in one day, will need a 90-volt battery device the rest of their lives, at a cost of $15 to $20 a month to the government.

No soldier is compelled to wear the hearing aid unless he wishes. But the advice at Deshon is: "Keep it in—unless there's some unpleasant sound you'd like to skip."

When the men don their hearing aids, most of them have trouble controlling their voices, so long lost to them. They often speak oddly, with slurred consonants and dropped vowels. These defects are corrected by recordings and individual and group lessons.

Recently Helen Keller, deaf and blind but no longer mute, visited the deafened soldiers at Deshon. "As I go through these halls, I sense a very happy atmosphere," she said. With hurried "finger glances" she traced the boys' faces. "A Chinese soldier—and handsome, too," she murmured. "A tall boy, and good at lip reading."

Later Miss Keller summed up her impressions of the work at Deshon in a letter to the commanding officer, Col. Glenn J. Gentzkow: "The intelligence with which these soldiers are approached as individuals and their alertness in learning to read the lips and adjust themselves to a silent world were a revelation to me."

Desert Christmas

Staff Sgt. Marcus E Lytle

Snow for Christmas, Eastern friend,
Where Palestine had none?
Judea's stars were close + soft
Where God sent down His Son.

Bethlehem had gentle hills
Like those you saw today;
Through a velvet night like this
The Wise Men found the way.

Do you think the angels sang
Through Christmas trees + snow?
Hear their anthems stir the palms
Tonight, as long ago!

John Pinkerton
Brink's Historical Atlas of Randolph County, Illinois, page 70 B. - 1875

The Pinkerton family of which this subject is a descendant, is of Irish extraction. Mr. Pinkerton's grandfather, James Pinkerton, was brought up and educated for a sea captain, and served in this capacity for a number of years. On the breaking out of the Rev. War he left the sea and joined the Continental forces and served as a staff officer with Gen Sumpter throughout the ensuing struggle. and was a participant in nearly all the Southern campaign as conducted by Marion and Sumpter. Many were the thrilling adventures thro which he passed.

He was very finely educated and at the close of the war he devoted his time to teaching and taught both in S. Carolina and in Tennessee, and finally died in the latter state at the good old age of 82. He belonged to the Old School Presbyterian Church and through all his vicissitudes of life on land or sea ever preserved a uniform consistent christian deportment. He raised a family of seven children.

John, Mr. Pinkerton's father, was a native of S. Carolina, and he there married Miss Sarah Gilmore. After the birth of six children he emigrated to Tennessee, and settled in Lincoln county, 75 miles south of the city of Nashville. While there the family was further increased by the birth of five children. He made a visit to Randolph County in 1844. This was the year of the great rainfall in the Mississippi Valley , and not being favorably impres with the appearance of the country he returned south and spent several years in the state of Mississippi, where several of his children had settled. ~~The~~ He finally went to Texas where he died the year after he landed in that state at the home of his youngest daughter, Mrs. Sarah Acker. His wife preceded him to the grave a number of years, dying in Tenn. in 1831. He never married a second time but spent his remaining years with his children. He and his wife both lived and died in the fellowship of the Pres Church. He was gentleman widely known for his manly and patriotic qualities, and was honored as one of the soldiers of the war of 1812.

Mr. Pinkerton, our subject, was born in South Carolina Feb 21, 1811, and was between 4 and 5 years old when the family moved to Tennessee. He was married in that state to Miss Dovey Hughey by whom he had four children, prio to coming with his father to this county in 1844. Liking the appearance of the country, he determined to remain and has ever been a citizen of Randolph county. In 1845 he had the misfortune to lose his wife, the companion of his youth, who died before becoming the mother of many additional children. She was a consistent Christian, a member of the Pres. church, a fond mother, a loving and faithful wife, who for many years brightened the home of her husb and participated for many years in his toils and cares.

In 1846, Mr. Pinkerton married his second wife, Mrs. Mary McKane, the daughter of James McMillan, one of the early settlers of this county. This excellent lady died in the fall of 1873, and Mr Pinkerton is again left companionless after having buried two excellent wives. He has the comfort of living among several loving and dutiful children, the comfort of his old age. The youngest, James H, is married and lives with him on the home farm. Another son by the first wife, by name of William H, is married and lives in Perry Co. Another son, also by 1st wife, settled in Johnson Co Kansas. This was Luther. Isaaac, the oldest, went to California in 1852 and has spent his life since in the west and is now resident in Wyoming Territory. Another daughter Minerv who married Alexander McMillan, resides in Coulterville, Ill. Miss Sarah is at home with her father.

On coming to the state, Mr. Pinkerton bought 75 acres of raw land where he now lives. This he improved and he purchased more land until he now owns 180 acres - a part lying in Washington county. This is a home farm, good improvements, and splendid drainage. He now proposes to sell his farm and retire from active life. This is a fine chance for some enterprising farmer for the location is fine and the land very rich.

Mr. Pinkerton is also a member of the Presbyterian church and has had the satisfaction of seeing nearly all his children acknowledge the Lord and commit themselves to a holy life.

The son residing in Perry county served his country in the Civil War, with the rebellious South. One of Mr. Pinkerton's brothers, Sam, was in the United States army with the War of Mexico, and his wife's father, James McMillan, was in the War of 1812.

This is a copy of the Pinkerton history in Brink's Atlas published in 1875 — it is considered authentic —

The name of Pinkerton,Complied by The Media Research Bureau.Washington .DC.

The surename Pinkerton is derived from the residence of its first bearers at Pont-Cardon,or Point-Chardon,in Normandy.

According to Media Research in the early days man only had one name so I shall start with the beginning of the family,there was a man who had a son and given him the name of Punchardoun,he also had a son and gave him the name of Pontchardon,and eight geenerations passed and a son was given the name of Pynkerton,Pinkarton,Pinkertone,Pinkertone having a son he named him Pinkerton and during his reaching the age he should take a wife the Christian or given name was adopted,thus we have the beginning of the tribe of Pinkerton,s.

There were fifteen of these peoples mentioned in Media Research befoe the adoption of the christian name all orgionating in England and from there they went to Scotland,they were famiies of them found at early dates in the English Counties of Devon,Berks,Hants,Somerset,Hertford,York,As well as London and it is recorded that they were largely of the landed gentey and nobility of Great Britan.The ancesters(or ansestor rather) of the family in England was Robert de Pontecardon,a follower of William the Conqueror in the Norman conquest of Ehgland in 1066.

For his services at that time he was granted many possessions in various parts of England,which he divided among his four sons.Sir Robert DePunchardoun ,eldest of these sons,who held lands in Devonshire and Hampshire,was the father Sir Roger,Reginal,and Robert,of whom the second was the father of William and sir Oliver and Hugh was the father of Reginal,Mary,and William.

Although it is not certainly known from which of the several lines of the family in England the first emigrants of the name of the name to America were descended,it is generaly believed that all of the Punchardons and Pinkerons derived from a common ancestor of a remote period.Probaly the first of the name to immigrate to America was John Pinkerton,who came from County Antrim,Ireland to Londonderry N H in 1724.He was the father of David,John,Matthew,Samuel,James,Mary,Elizabeth,Rachel and Jene.of whom the son John had issue by his first wife,Rachel Duncan.

One William Pinkerton came from Ireland to Chester County Pa in the early eighteenth century and was later joined by his nephiew John,who came over in 1760.In 1775 John married Rebecca White,by who he had ten children among whom were John White and Mary.John married Nancy Dorland and was the father by her of Samuel, Nathan,Rebecca,William,John,Ester,and Sarah.

The offspring of these various lines of the family in America,and of others of more recent arrival have scttered throughout the United States and have contributed to the rise and development of the nation.A hardy,practical quick-witted and keen-minded race on the whole,the Pinkertons in this country are best known for their work as detectives,lawyers,journalist,authors,and buisnessmen.Among those of the name who served in the war of the Revolution were John,David,and Matthew,of New Hampshire,Andrew of Pennsylvania;and others of the other stats in the militia.

Robert,William,Hugh,Richard,Roger,Geoffrey,John,Samuel, Matthew,James,and David are some of the Christian names which have been most favored by past generations of the family for their male progeny.

The following are a few of the many members of the family who have distinguished themselves in various parts of the world in comparatively recent times.Alfred Pinkerton(1856)of Pennsylvania lawer and member of the Massachusetts ous of Representatives and Senate.

Allen Pinkerton (1819-1884) of Scotland who came to America in 1842,was deputy sheriff of Kane County and Cook County,Ill,founder of the detective agency,he also was an author.Lewis Pinkerton,(1812-1875) of Maryland Clergyman and editor prominant in the activities and controversies of the Disciples of Christ in Kentucky.

The record of the Pinkerton generation as given by the Media Research is quiet long I will not copy all of it,so let me say that in searching History we find that it has not been so many centuries since the sir name as we call it became a custom.In reading our Bible we only find a few who had but one name,as Adam Abraham Isac and Jacob,in the New Testament we find John Mark Siemon Peter,and a few others and the sir name as we call it has not been universal more than a thousand years I universial,there are still parts of the world yet that has only the one name as it was in the beginning.I will bring this to and end by saying that according to Media Research says that the Pinkerton generations descendedc from one Lord Puncherdon of the house of lords of England,and from there to Scotland,from there to all parts of the world.

Mr. Pinkerton is also a member of the Presbyterian church and has had the satisfaction of seeing nearly all his children acknowledge the Lord and commit themselves to a holy life.

The son residing in Perry county served his country in the Civil War, with the rebellious South. One of Mr. Pinkerton's brothers, Sam, was in the United States army with the War of Mexico, and his wife's father, James McMillan, was in the War of 1812.

This is a copy of the Pinkerton history in Brink's Atlas published in 1875 — it is considered authentic —

The name of Pinkerton,Complied by The Media Research Bureau.Washington .DC.

The surename Pinkerton is derived from the residence of its first bearers at Pont-Cardon,or Point-Chardon,in Normandy.

According to Media Research in the early days man only had one name so I shall start with the beginning of the family,there was a man who had a son and given him the name of Punchardoun,he also had a son and gave him the name of Pontchardon,and eight geenerations passed and a son was given the name of Pynkerton,Pinkarton,Pinkertone,Pinkertone having a son he named him Pinkerton and during his reaching the age he should take a wife the Christian or given name was adopted,thus we have the beginning of the tribe of Pinkerton,s.

There were fifteen of these peoples mentioned in Media Research befoe the adoption of the christian name all orgionating in England and from there they went to Scotland,they were families of them found at early dates in the English Counties of Devon,Berks,Hants,Somerset,Hertford,York,As well as London and it is recorded that they were largely of the landed gentey and nobility of Great Britan.The ancesters(or ansestor rather) of the family in England was Robert de Pont-ecardon,a follower of William the Conqueror in the Norman conquest of Ehgland in 1066.

For his services at that time he was granted many possessions in various parts of England,which he divided among his four sons.Sir Robert DePunchar-doun ,eldest of these sons,who held lands in Devonshire and Hampshire,was the father Sir Roger,Reginal,and Robert,of whom the second was the father of William and sir Oliver and Hugh was the father of Reginal,Mary,and William.

Although it is not certainly known from which of the several lines of the family in England the first emigrants of the name of the name to America were descended,it is generaly believed that all of the Punchardons and Pinkerons derived from a common ancestor of a remote period.Probaly the first of the name to immigrate to America was John Pinkerton,who came from County Antrim,Ireland to Londonderry N H in 1724.He was the father of David,John,Matthew,Samuel,James,Mary,Elizabeth,Rachel and Jane.of whom the son John had issue by his first wife,Rachel Duncan.

One William Pinkerton came from Ireland to Chester County Pa in the early eighteenth century and was later joined by his nephiew John,who came over in 1760.In 1775 John married Rebecca White,by who he had ten children among whom were John White and Mary.John married Nancy Dorland and was the father by her of Samuel, Nathan,Rebecca,William,John,Ester,and Sarah.

The offspring of these various lines of the family in America,and of others of more recent arrival have scttered throughout the United States and have contributed to the rise and development of the nation.A hardy,practical quick-witted and keen-minded race on the whole,the Pinkertons in this country are best known for their work as detectives,lawyers,journalist,authors,and buisnessmen.Among those of the name who served in the war of the Revolution were John,David,and Matthew,of New Hampshire,Andrew of Pennsylvania;and others of the other stats in the militia.

Robert,William,Hugh,Richard,Roger,Geoffrey,John,Samuel, Matthew,James,and David are some of the Christian names which have been most favored by past generations of the family for their male progeny.

The following are a few of the many members of the family who have distinguished themselves in various parts of the world in comparatively recent times.Alfred Pinkerton(1856)of Pennsylvania lawer and member of the Massachusetts -ous of Representatives and Senate.

Allen Pinkerton (1819-1884) of Scotland who came to America in 1842,was deputy sheriff of Kane County and Cook County,Ill,founder of the detective agency,he also was an author.Lewis Pinkerton,(1812-1875) of Maryland Clergyman and editor prominant in the activities and controversies of the Disciples of Christ in Kentucky.

The record of the Pinkerton generation as given by the Media Research is quiet long I will not copy all of it,so let me say that in searching History we find that it has not been so many centuries since the given name as we call it became a custom.In reading our Bible we only find a few who had but one name,as Adam Abraham Isac and Jacob,in the New Testament we find John Mark Siemon Peter,and a few others and the sir name as we call it has not been universal more than a thousand years I universial,there are still parts of the world yet that has only the one name as it was in the beginning.I will bring this to and end by saying that according to Media Research says that the Pinkerton generations descendedc from one Lord Puncherdon of the house of lords of England,and from there to Scotland,from there to all parts of the world.

A letter written by James Harvey Pinkerton

Coulterville, Illinois
March 20, 1908
(mailed April 6, 1908)

Frank A Kuhns,
Hynes, Calif.

My Dear Grandson:
I will try and give you the information you ask for.

I was born in Lincoln County, Tennessee, Dec. 2nd, 1833. My father's name was William, he had eight brothers and two sisters: James, Jonathan, Samuel, Thomas, Franklin, John, Pickens and Andrew; all living to raise large families. Two sisters were Rebecca and Sarah. Rebecca married Henry Hughey, and brought up a large family at Russelville, Ark. Sarah married a man named Chitwood. She had some children by that name. He died and she after married a man named Ackers and has children by that name. She is alive and quite spry or was last summer. She is well up in eighty and lives near Tyler, Texas. Her brothers are all dead.

My great grandfather, James Pinkerton, was a sea captain before the Revolutionary War, but when the war began he left the sea and was aid to General Sumpter and served with Sumpter and Marion to the end of the war. He then engaged in teaching school and died in Tennessee at the age of 82. He raised seven children. The family he sprang from were from Scotland and went to the north of Ireland. When he came to manhood he was a strict Presbyterian: as a rule the Pinkertons are all Presbyterians.

My grandfather, John Pinkerton, was one of those seven children. He was a soldier of the war of 1812. He lived to a good old age and died at Tyler, Texas, about the beginning of the Rebellion War.

On my mother's side my grandfather was James McCormick. We know little about his ancestors as his parents both died on the sea as they were coming to this country. He was an only child and was brought up by strangers. He lived and died in Lincoln County, Tennessee. He was a soldier under General Jackson in all his wars. He raised a large family but I believe they are all dead now. One of his daughters, Nancy, was my mother. She married my father, William Pinkerton, to them was born four children: John W., James H., Susan, and Benjamin. John died leaving no children. Susan married F. R. Crothers and left two daughters. All are dead except myself. Benjamin died a few years ago in Syria. He left five children, all alive: Alice, Frank, Finley, William and Benjamin. My father died when 32 years old. My mother married again to a man named John Coulter. She had two children by him: Mathew Wilson died several years ago, left no children. Mary Jane married a man named John Huey and has a large family, lives near Columbus, Kansas.

I married Anna Eliza McKelvey March 16th 1852. She was the daughter of Alexander and Mary McKelvey. We have been married over 56 years and are in good health considering our ages. Wife was born near this place, Coulterville, Illinois, Dec 12, 1830. We have had nine children, have raised seven. Our oldest, Annie Minerva, married William McFie. Mary Ellen married Frank William They both raised large families. Charlie married Kate Barker and raised a larg family. Frank Lester married Henrietta Carpenter, he died two years ago in Oklahoma, left two children named James Walter and Frankie Belle. Della married Frank T. Kuhns. They have five children. Susan Isabelle married W. A. Ptolemy. Margaret Louise married W. R. Leiper, they have four children. We have 39 grandchildren, and 13 great grand children at the time of writing.

J. H. Pinkerton

Obituary.

On Sunday, March 28, at Coulterville, Ill., occurred the death of Mrs. Anne E. Pinkerton, wife of James H. Pinkerton. She was 78 years old. Besides the aged husband, she leaves 6 children, Mrs. W. A. Ptolmy, of Silverton; Mrs. Wm. McFie, of Florence, Colo.; Mrs. G. Thrash, Port Arthur, Texas; Mrs. F. T. Kuhns, Hynes, Calif., Mrs. W. R. Leiper, Coulterville, Ill., Forty-one grandchildren and 17 great grand children survive her.

With her husband she was one of the earliest pioneers of Colo.. They settled in the Cache La Poudre valley in the northern part of the state at a very early date. Here they lived for fifteen years and this was where their children were born. After a few years spent in Calif., they settled on a ranch on the Animas river, 17 miles north of Durango. Here they passed 6 happy years from 1875 to 1881. The famous hot springs, which bears their name, were located on their homestead. Judge Pinkerton was the first county judge of La Plata county. Since leaving the Animas valley, they have lived in a number of different states and three years ago returned to their native town of Coulterville to spend the remaining years.

Mrs. Pinkerton was a member of the Scotch Presbyterian church and was a good and kindly Christian woman. She had many friends wherever she lived and the old timers in the San Juan remember her with gratitude and love. She was tireless in administering to the wants of all her loved ones, who will ever cherish her blessed memory. By precept and example she lived a true and noble life and her death closes an eventful career. Yet the work she did and the example she set before others will ever redound to her credit and make better all who came in touch with her.

Frank L. Pinkerton Dead.

From a private letter received in Durango it is learned that Frank L. Pinkerton, son of Judge J. H. Pinkerton, who resided in the upper Animas valley thirty years ago, died at Elk City, Okla., on Dec. 28, in his 42nd year. He was only 12 years old when he came to Silverton with his brother Charlie, now of Mancos, from Evans, Colo. In 1875 they took a bunch of cattle to Silverton and that fall the family located on the Pinkerton Springs ranch. The father, Judge Pinkerton, was the first judge of La Plata county. In 1881 the family removed to Florida, remaining there for several years. Frank holding a responsible position in the custom house at Cedar Keys. On the opening of western Oklahoma, Frank ~~holdin~~ with his father, mother and one sister, were among the first to locate there, near the present site of Elk City, where they engaged in farming and stock growing. Frank for his splendid integrity had won hosts of friends. He was a graduate of Bryant-Stratton college of Baltimore. In 1904 he was married to Miss Henrietta Carpenter of Cameron, Mo. He leaves a baby son. This is the first death in quite a large family of Judge Pinkerton. Those who survive are: Chas. W. Pinkerton, Mancos, Colo.; Mrs. William McFie, Florence, Colo.; Mrs. George Thrash, Jennings, La.; Mrs F. T. Kuhns, Hynes, Calif.; Mrs. W. A. Ptolmey, Silverton, Colo., and Mrs. W. R. Leiper, Coulterville, Ill.

Awaiting the arrival of Mr. and Mrs. Ptolmey, who were spending the winter at Los Angeles, the funeral did not occur until January 2, at Elk City.

Mrs. W. A. Ptolemy received atelegram Monday morning announcing the death of her father, Judge J. H. Pinderton, at Florence, Sunday evening at 9:30.

The deceased is well known to many of the old timers in the San Juan, he having been a resident of Howardsville in the spring of 1875. He had not resided in this part of late years, but was here for several months last summer and fall with his daughter. For years his health had been very poorly and the end was not unexpected. He was past 78 years of age.

In the fall of 1875 he moved with his family to the Animas Valley where he located the springs still bearing his name, Pinkerton Springs. He was a staunch Republican, having been the first judge to hold court in La Plata County. Two years ago Mrs. Pinkerton died at their home in Coulterville, Ill., since which time he had made his home visiting among his children, of whom there are one son and five daughters living, they being as follows: O. W. Pinkerton, Red Mesa, Colo.; Mrs. Wm. McFie, Florence, Colo.; Mrs. Geo. Thrash, Port Arthur, Texas; Mrs F. T. Kuhns, Hynes, Calif.; Mrs. W. R. Leiper, Trimble Springs and Mrs. W. A. Ptolemy, of Silverton.

The remains will be shipped from Florence to Coulterville, Ill., where they will be laid to rest beside those of his departed wife.

The Miner extends sympathy to Mrs. Ptolemy and the other sorrowing relatives.

To them were born nine children five girls and 4 boys, of whom six are still living-- five girls and one boy. The others having gone before to welcome the mother.

Mr. and Mrs. Pinkerton, on March 15th of this year celebrated their 57th wedding anniversary. They have forty grand children and 18 great grand children.

She ever honored the Sabbath day and kept it holy. No work of any kind was done that ould be avoided. No bread baked, coffee ground and no cooking of any kind that could be done on Saturday before.

She had ever been a faithful Christian and has brought her children up in the love of the Lord. "Her children rise up and call her blessed, her husband also praiseth her."

My Dear Grandson:
I will try and give you the information you ask for.

I was born in Lincoln County, Tennessee, Dec. 2nd, 1833. My father's name was William, he had eight brothers and two sisters: James, Jonathan, Samuel, Thomas, Franklin, John, Pickens and Andrew; all living to raise large families. Two sisters were Rebecca and Sarah. Rebecca married Henry Hughey, and brought up a large family at Russelville, Ark. Sarah married a man named Chitwood. She had some children by that name. He died and she after married a man named Ackers and has children by that name. She is alive and quite spry or was last summer. She is well up in eighty and lives near Tyler, Texas. Her brothers are all dead.

My great grandfather, James Pinkerton, was a sea captain before the Revolutionary War, but when the war began he left the sea and was aid to General Sumpter and served with Sumpter and Marion to the end of the war. He then engaged in teaching school and died in Tennessee at the age of 82. He raised seven children. The family he sprang from were from Scotland and went to the north of Ireland. When he came to manhood he was a strict Presbyterian: as a rule the Pinkertons are all Presbyterians.

My grandfather, John Pinkerton, was one of those seven children. He was a soldier of the war of 1812. He lived to a good old age and died at Tyler, Texas, about the beginning of the Rebellion War.

On my mother's side my grandfather was James McCormick. We know little about his ancestors as his parents both died on the sea as they were coming to this country. He was an only child and was brought up by strangers. He lived and died in Lincoln County, Tennessee. He was a soldier under General Jackson in all his wars. He raised a large family but I believe they are all dead now. One of his daughters, Nancy, was my mother. She married my father, William Pinkerton, to them was born four children: John W., James H., Susan, and Benjamin. John died leaving no children. Susan married F. R. Crothers and left two daughters. All are dead except myself. Benjamin died a few years ago in Syria. He left five children, all alive: Alice, Frank, Finley, William and Benjamin. My father died when 32 years old. My mother married again to a man named John Coulter. She had two children by him: Mathew Wilson died several years ago, left no children. Mary Jane married a man named John Huey and has a large family, lives near Columbus, Kansas.

I married Anna Eliza McKelvey March 16th 1852. She was the daughter of Alexander and Mary McKelvey. We have been married over 56 years and are in good health considering our ages. Wife was born near this place, Coulterville, Illinois, Dec 12, 1830. We have had nine children, have raised seven. Our oldest, Annie Minerva, married William McFie. Mary Ellen married Frank William They both raised large families. Charlie married Kate Barker and raised a larg family. Frank Lester married Henrietta Carpenter, he died two years ago in Oklahoma, left two children named James Walter and Frankie Belle. Della married Frank T. Kuhns. They have five children. Susan Isabelle married W. A. Ptolemy. Margaret Louise married W. R. Leiper, they have four children. We have 39 grandchildren, and 13 great grand children at the time of writing.

Hynes, Calif.

My Dear Grandson:
I will try and give you the information you ask for.

I was born in Lincoln County, Tennessee, Dec. 2nd, 1833. My father's name was William, he had eight brothers and two sisters: James, Jonathan, Samuel, Thomas, Franklin, John, Pickens and Andrew; all living to raise large families. Two sisters were Rebecca and Sarah. Rebecca married Henry Hughey, and brought up a large family at Russelville, Ark. Sarah married a man named Chitwood. She had some children by that name. He died and she after married a man named Ackers and has children by that name. She is alive and quite spry or was last summer. She is well up in eighty and lives near Tyler, Texas. Her brothers are all dead.

My great grandfather, James Pinkerton, was a sea captain before the Revolutionary War, but when the war began he left the sea and was aid to General Sumpter and served with Sumpter and Marion to the end of the war. He then engaged in teaching school and died in Tennessee at the age of 82. He raised seven children. The family he sprang from were from Scotland and went to the north of Ireland. When he came to manhood he was a strict Presbyterian: as a rule the Pinkertons are all Presbyterians.

My grandfather, John Pinkerton, was one of those seven children. He was a soldier of the war of 1812. He lived to a good old age and died at Tyler, Texas, about the beginning of the Rebellion War.

On my mother's side my grandfather was James McCormick. We know little about his ancestors as his parents both died on the sea as they were coming to this country. He was an only child and was brought up by strangers. He lived and died in Lincoln County, Tennessee. He was a soldier under General Jackson in all his wars. He raised a large family but I believe they are all dead now. One of his daughters, Nancy, was my mother. She married my father, William Pinkerton, to them was born four children: John W., James H., Susan, and Benjamin. John died leaving no children. Susan married F. R. Crothers and left two daughters. All are dead except myself. Benjamin died a few years ago in Syria. He left five children, all alive: Alice, Frank, Finley, William and Benjamin. My father died when 32 years old. My mother married again to a man named John Coulter. She had two children by him: Mathew Wilson died several years ago, left no children. Mary Jane married a man named John Huey and has a large family, lives near Columbus, Kansas.

Mary L. Pinkerton sister of Nancy E. married a ~~Mr~~. Gilbert Chancellor instead of George. Their children in addition to the ones we have are: 1. Lissie who is married.
2. Sam also married
3. Lee married a Cunningham he is dead
4. Cora who married Sam Williams
He was a nephew of Rebecca Pinkerton.

Martha A. Pinkerton who married John Morris have several children others than the ones we have:

Mamie who married a Mr. Weaver is Mrs Lee Weaver.

Sincerely,

Oh yes I wrote to a P.C. Pinkerton at W. M. Martin's suggestion, and Mr. Martin says Mr. P. has been working on the family history for many years. It may give us some data we do not have.

OBITUARY: From the Marissa Messenger Newspaper

MRS. MARGARET KENNEY

Died, at the home of her son, in Marissa, Ill., on Oct. 19, Mrs. Margaret Kenney, aged 82 years, 4 months, and 14 days. Margaret Lyle was born in County Antrim, Ireland, on June 5, 1826, came to America in 1846 and resided near Sparta, IL., until her marriage in 1852 to Alexander Kenney, when she and her husband moved to Grandcote Prairie, near Swanwick, Ill., where she resided most of her remaining days. To this union were born four children, one daughter and three sons. She is survived by two sons -- John L. Kenney, of Marissa; and James A. Kenney, of Coulterville; the daughter died infancy, the husband in 1867; and David T. Kenney, a son, died in 1899. The deceased was widely known in the community where she resided so many years and was loved by all who knew her. She united early in life with the Covenenter church at Union and later transferred her membership to the United Presbyterian Church of Swanwick. Her illness dates back to last April when she suffered a stroke of paralysis, from which she never recovered. Up to this time she was in remarkable good health for one of her years. The funeral services were held in Swanwick on Tuesday, conducted by Rev. J.L. Chesnut, pastor of the Reformed Presbyterian Church of Coulterville and the remains were interred in Swanwick Cemetery.
